

National Grid Small Business Program

NATIONAL GRID

PROGRAM HIGHLIGHTS

The Small Business Services program offers:

- A no-cost energy assessment of your facility's electrical equipment
- Based on the assessment, a proposal is developed with recommended energy efficiency measures
- Equipment installation at your convenience
- Removal and environmentally friendly disposal of fluorescent lights and ballasts from your facility
- Available energy efficiency equipment may include:
 - Lighting upgrades
 - Lighting occupancy sensors
 - Custom refrigeration measures
 - Site-specific custom projects

INCENTIVES

Varying financial incentives for:

- LED Lighting
- Custom Projects
- Flexible Payment Plans

If you are eligible, you can have your share of the project's costs placed on your monthly electric bill for up to 12 months. Or you can pay in one lump sum - and you'll receive a 10% discount.

GETTING STARTED

Schedule a no-cost energy assessment [online](#) or call 1-833-208-5960

ELIGIBLE APPLICANTS

- In order to qualify for the Small Business program, you must:
- Be an active National Grid electric customer
- Pay the System Benefits Charge (SBC)
- Have an average annual peak demand under 110 kW
- Have an electric rate code of SC1, SC2 or SC2D
- Cannot have received an incentive from NYSERDA for the same measure
