- Front and top “shields” minimize contamination
- **Durable 3/16” acrylic display unit**
- Unit construction protects periodicals from damage
- Eliminates the need for magazine covers
- Separate **attached front pocket** showcases the current issue and **will not separate from the unit** when used to pull or move the unit
- Current issues in the front compartment **will not “droop”** forward since they are supported top to bottom
- Three separate compartments for back issues
- Access all periodicals contained **without removing** the unit from shelves
- Cutouts on top for **ease of transporting** if desired
- Polished edges, rounded corners
- Easy **spin** felt glides
- Sized to fit standard periodicals
