

## Clearing your Browser History (it's a good idea to do this from time to time anyway)

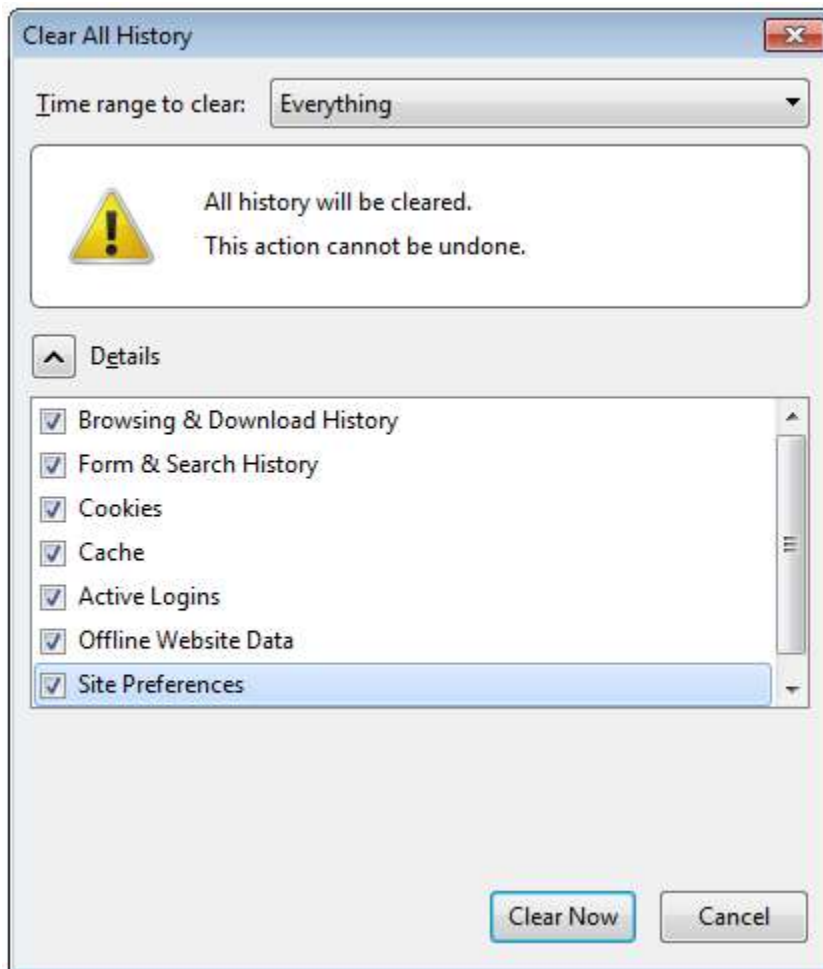

### Google Chrome

1. Open **Chrome** on your computer.
2. At the top right, click the **three vertical dots History History**.  
Alternatively, you can just press the shortcut **CTRL + H** while in Chrome.
3. At the top left, click **Clear browsing data**. A box will appear.
4. Choose a time segment, such as **past hour** or **past day**. To delete everything, select **the beginning of time**.
5. Select the types of information you want to remove.
6. Click **Clear data**.

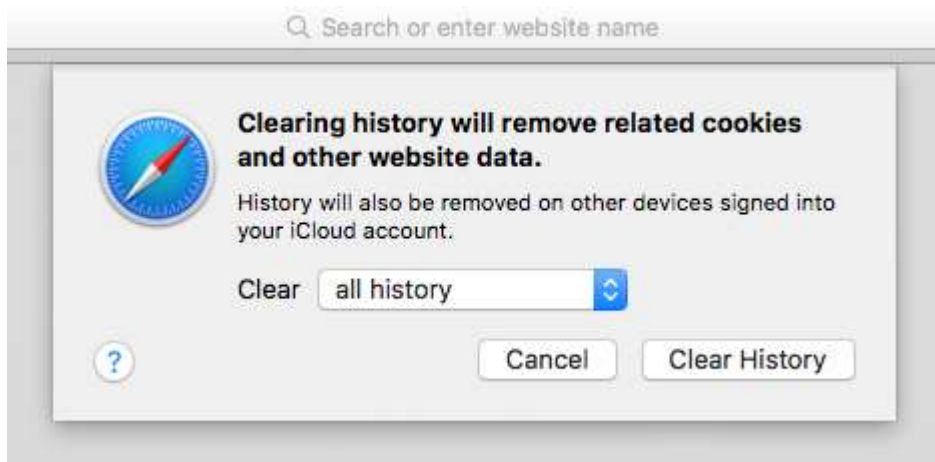

## Mozilla Firefox

1. Open **Firefox** on your computer.
2. At the top right, click the **three horizontal lines History Clear Recent History**. A box will appear.
3. Choose a time range to clear, the options are **Last Hour**, **Last Two Hours**, **Last Four Hours**, and **Today**. To delete everything, select **Everything**.
4. Click on the arrow next to **Details** and select the types of information you want to remove.
5. Click **Clear Now**.

## Apple Safari

1. Open **Safari** on your computer.
2. At the top left, click **Safari History Clear History and Website Data**. A box will appear.
3. Choose how far back you want your browsing history to clear.
4. Click **Clear History**.

When you clear your history on Safari, it deletes the following:

- History of webpages you visited
- The back and forward list for open webpages
- Top Sites that aren't marked as permanent
- Frequently visited site list
- Recent searches
- Icons for webpages
- Snapshots saved open Web pages
- List of items you downloaded (downloaded files are not removed)
- Websites added for Quick Website Search
- Websites that asked to use your location
  
- Websites that asked to send you notifications
- Websites with plug-in content you started by clicking a Safari Power Saver notice
- Responses to requests to let websites use WebGL

## Microsoft Edge

Open **Edge** on your computer.

1. At the top right, click the **Hub (three horizontal lines) History Clear all history**.
2. Choose the types of data you want to remove.
3. Click **Clear**.
