

Effective January 1, 2024, the Borough of Grove City, Pine Township, Liberty Township, Springfield Township, Borough of Harrisville, and Mercer Township will require that private sewer laterals connected to the public sewer system be inspected prior to real estate being transferred or sold.

### ***Sewer Lateral Inspection Program Process for Selling a House***

1. Contact NASSCO-Certified Plumber to camera sewer lateral.
2. Plumber televises sewer lateral and completes Lateral Policy Application & Inspection Form.
3. Plumber submits application and \$50 application fee to Mercer Township.
4. Plumber reviews application and sewer lateral footage and determines pass/fail.
5. Mercer Township issues Document Certification if sewer lateral passes.
6. Seller can proceed with sale now that sewer lateral has been found to be compliant.
