Teddywidder Sales Policy and Purchase Agreement

Thank you for considering one of our precious Teddywidders! Our bunnies are raised with love and care and are sold **as PETS ONLY** unless breeding rights have been discussed and purchased separately. We take the well-being of our rabbits seriously and aim to match them with families who will provide lifelong, loving homes. Please read and understand our entire policy before reserving a bunny.

Our Commitment to You

We are committed to raising happy, healthy bunnies and ensuring they transition successfully into their new homes. To protect the well-being of our animals, we:

- Reserve the right to refuse the sale of a bunny if we feel the home is not suitable.
- Reserve the right to ask questions to ensure our bunnies will be properly cared for.

Reserving Your Bunny

- A deposit is required to reserve a bunny. **Please do not place a deposit until you have been approved.**
- Bunnies are available for pickup at **8 weeks of age or older.**

- **No refunds** unless a health issue or death occurs while the bunny is in our care.
- The remaining balance is due on the day of pickup.

Health and Guarantees

- To the best of our knowledge, all rabbits are healthy at the time of pickup.
- **We do not guarantee gender, size, wool type, ear carriage, or personality.**
- Teddywidders generally range from **2 to 4 pounds**, but individual sizes may vary.
- We encourage buyers to inspect their bunny at pickup. After the bunny leaves our care, we are not liable for any accidents, illness, injury, mis-gendering, or death.

- **Teddywidders must be housed indoors** in a climate-controlled environment.
- **They require regular grooming** to prevent mats and maintain coat health.
