Yousuf Jalala - Dir. Football Operations

My long journey with royal football began in 2011 when I was a student manager and sports medicine student. After graduating in 2015 I wanted to use my experience and knowledge to help give back to the program that played such a big role in my life. I began coaching and working as the equipment manager while being a full time college student. Most of my days were spent with the team helping the program in any way I could. Working with and coaching every new group of kids that go through the football program has been very fulfilling. Seeing the incoming ninth graders grow into young men as they make their way through high school have been some of my favorite memories. I want to thank Coach Puopolo for his confidence in me and allowing me to be a part of this program again. I am excited for my new role as the Director of Football Operations and welcome the challenge of making our program better in every way..

Watching you grow and excel in football has been such a joy. There was a brief moment, 11 years ago, when the coaches couldn't get you out of the car and onto the field. Since that season, we have not been able to get you off the field! Your commitment and desire to learn and grow in your role are inspiring. You are the ultimate student of the game and your passion for football is beyond compare. We are unbelievably proud of the amazing young man you have become and cannot wait to see what your future holds!

Love,

FRESHMAN COACH'S

EMMETT FURLONG HEAD COACH

I am beginning my tenth year as a teacher and coach at Royal High School and really excited for the school year and football season. We have plenty of new faces on staff that have brought tons of excitement, energy, and knowledge that the student athletes are going to be well served by. I am also very

proud to welcome back several former players that I have coached into the program; as they are beginning their coaching careers. Anthony Froio, Sal Froio, and Chase Sinclair were all members of successful teams at Royal and having them come back to coach has been a huge positive for the freshmen team. We are also welcoming Sean Bridgewater onto the staff whose energy is unmatched. I would also like to take this opportunity to thank Coach Puopolo for allowing me to be a coach in the program this season and to help build the foundation of the next league championship team. Also, I would like to give a shout out to the team moms who do so much for the program. We are building something special here at Royal and cannot wait for more to join the Royal Family.
