Comparable UK qualifications: Bachelor (Honours) degree

REPORT END
DATE OF REPORT ISSUE: 23 MARCH 2023

This assessment is based on qualification documents presented to Ecctis. We are satisfied that evidence of successful course completion has been presented.

Next Steps: You will need to submit these reports as part of your application to CSCS. The award mentioned in your Primary Source Verification Report must be the award used for your CSCS AQP card application. See CSCS news article regarding changes to AQP applications here: <https://www.cscs.uk.com/news/cscs-improve-academically-qualified-person-applications/>

To start your card application with CSCS please apply online here: <https://www.cscs.uk.com/applying-for-cards/> or, you can call 0344 994 4777. Please note that you will also be required to pass the appropriate level CITB Health, Safety and Environment Test for your occupation in the last 2 years.

Primary Source Verification Report

Ecctis has made direct contact with the issuing body (the Primary Source) to verify that the qualification is genuine. Issuing bodies may be an issuing institution (e.g. a university, a college, a training provider) with awarding powers, or an awarding organisation. Ecctis determines which is the appropriate organisation to contact in each individual case.

The result of the Primary Source Verification is shown below.

Result of Primary Source Verification: Positive	
	Süleyman Demirel Üniversitesi / Suleyman Demirel University has confirmed to ECCTIS Ltd directly that the Yüksek Lisans Diploması / Master's degree in Geological Engineering issued to Ali Osman Cakirer is genuine.

The Primary Source Verification process.

The verification process checks and cross-indexes the various elements of the qualification documents – such as the full name of the qualification holder, any reference number or identifying code on the documents, the date and year of the award, the title of the qualification, any details of contents of the qualification, any details of grades or levels achieved, and any other details as appropriate (e.g. date of birth of the qualification holder, photograph of the qualification holder, exam table reference numbers etc) – with the records held by the issuing authority (the Primary Source). Only when these cross-checks are satisfied is a qualification verified as genuine.

As part of its Primary Source Verification checks, Ecctis also verifies that the issuing authority is appropriately accredited to issue the qualification in question, either as a Recognised Institution or through other appropriate registration or accreditation. If necessary, Ecctis will contact relevant national authorities, government agencies, or government ministries to verify the status of an issuing authority or institution. Ecctis may also pursue checks on issuing authorities or institutions through the international ENIC network of national recognition bodies.

Key to possible outcomes

Positive outcome: When the checks and cross-checks of the various elements of the qualification documents show a successful match with the records of the awarding institution, that institution being appropriately accredited for the award of that qualification. If checks have not been possible with the awarding institution (e.g. due to conditions of crisis or conflict) then a positive outcome indicates that satisfactory checks have been completed with another or other appropriately authorised body/bodies.

✓	Positive outcome: When the checks and cross-checks of the various elements of the qualification documents show a successful match with the records of the awarding institution, that institution being appropriately accredited for the award of that qualification. If checks have not been possible with the awarding institution (e.g. due to conditions of crisis or conflict) then a positive outcome indicates that satisfactory checks have been completed with another or other appropriately authorised body/bodies.
?	Unable to verify: This result shows when it has not been possible to establish a successful match when checking and cross-checking the various elements of the qualification documents with the records of the awarding institution; and/or that the awarding institution cannot be evidenced as appropriately accredited for the award of that qualification; or that satisfactory checks have not been possible to complete, with the awarding institution, or with another or other appropriately authorised body/bodies, or with their data records, despite Ecctis' best efforts.
✗	Negative outcome: This result shows when the awarding institution has confirmed that the qualification documents are fraudulent and/or there is no successful match with student records of the awarding institution. In these instances Ecctis will be unable to provide an assessment of the qualification and the service fee is non-refundable.

Your unique Ecctis reference number: 4001161751 Ali Osman Cakirer
Please quote this number in all your correspondence with us

Dear Ali Osman Cakirer,

We are pleased to enclose your Industry Skills Statement.

Your qualification evaluation has been carried out carefully by experienced credential evaluators. The evaluation expresses how the overall level of a qualification compares to qualifications in the UK. This comparability relates to the qualification itself - your individual marks or grades do not play a part in qualification comparison.

There is more information about your evaluation on the reverse of your statement. You can read more about our methodology and evaluation criteria at www.ecctis.com/methodology

Your statement has a number of security features. These make altered statements easier to detect. Employers, trade and professional bodies, and educational institutions can also contact Ecctis to verify statements. These measures protect the integrity and value of your Ecctis statements.

If you have queries or if you require further assistance, the easiest way to contact us is to go to www.ecctis.com and log-in using your Ecctis registration details. There, you can use the online messaging to contact our customer service team. Alternatively you can telephone us on +44 (0) 330 912 0030.

Please note that we are unable to deal with queries about your statement after six months from the date of issue.

Our evaluations are not binding and have no legal force - their status is as guidance only. The final decision about suitability of a qualification or person for a study place, job, or trade/professional status always rests with the admitting body.

We respect your data and your privacy and it is our policy that information relating to an individual application will not be passed on to, or discussed with, third parties without the prior consent of the applicant.

Yours sincerely

Olivia Rosslee
Administrative Assistant
