Saturday - Sunday April 2-3, 2016

# State Science & Engineering Fair

Sunday - Tuesday April 3-5, 2016

#### WE NEED YOU!

- (100) High School Science Bowl Volunteers
- (75) Middle School Science Bowl Volunteers
- (54 Judges) High School JSHS
- (60) General Volunteers JSHS
- (54 Judges) MS Papers Science Fair
- (308 Judges) State Science Fair
- (200) General Volunteers State Science Fair.

We ask that you share your passion for science with these students by joining other science professionals in providing an opportunity for over 850 students to apply their science and math knowledge in competitive formats.

There will be a training session the day of each competition.

A brief overview of the volunteer roles in all of the program competitions is explained on the website <a href="www.mnmas.org">www.mnmas.org</a>. Under programs, select Science Bowl, JSHS, and/or State Science Fair.

Please let us know if you have any questions about Science Bowl or State Science & Engineering Fair / JSHS.

MMS bestows a great heartfelt THANK YOU to all the Project MICRO Volunteers who recently participated in *Microscope Day* and the *Math and Science Family Fun Fair*. It is through their dedication and enthusiasm that these events are possible and succeeds in inspiring the next generation of scientists. It is most appreciated that these volunteers took the time on the weekends to help with these busy events. More than one thousand visitors – parents and kids of all ages – engaged in the microscope activities, many of whom had never used a microscope before.

On Saturday, November 7, 2015, MMS joined the Science Museum for the seventh year of *Microscope Day* from 12:00 to 4:00 p.m. The following volunteers made this awesome event possible:

Steve Axdal, David Burleson, Pat Erickson, Burton and Muriel Gavin, Jeff Haggerty, Rajesh Kamboj, Renu Kumar, Stuart McKernan, Eric and Mia Morrison, Ann Palmer, Jeff Payne, Mark and Rowan Sanders.

Before the start of this event, **Stuart McKernan** and **Jeff Payne** gave a special talk about microscopy for a new museum program called *Making Connections* to help recruit and inspire people of color to volunteer at the museum.

On Saturday, November 21, 2015, the University of Minnesota invited MMS for the twelfth year to participate in the *Math and Science Family Fun Fair* from 10:00 am to 4:00 p.m. The following volunteers made this spectacular event possible:

Gib Ahlstrand, Steve Axdal, Chris Frethem, Muriel Gavin, Jeff and Anna Haggerty, Renu Kumar, Eric Morrison and Ann Palmer.

A special thank you is extended to Ann Palmer for planning and coordinating *Microscope Day* with the Science Museum and to Jeff Payne for planning and coordinating the *Math and Science Family Fun Fair* with the University of Minnesota.

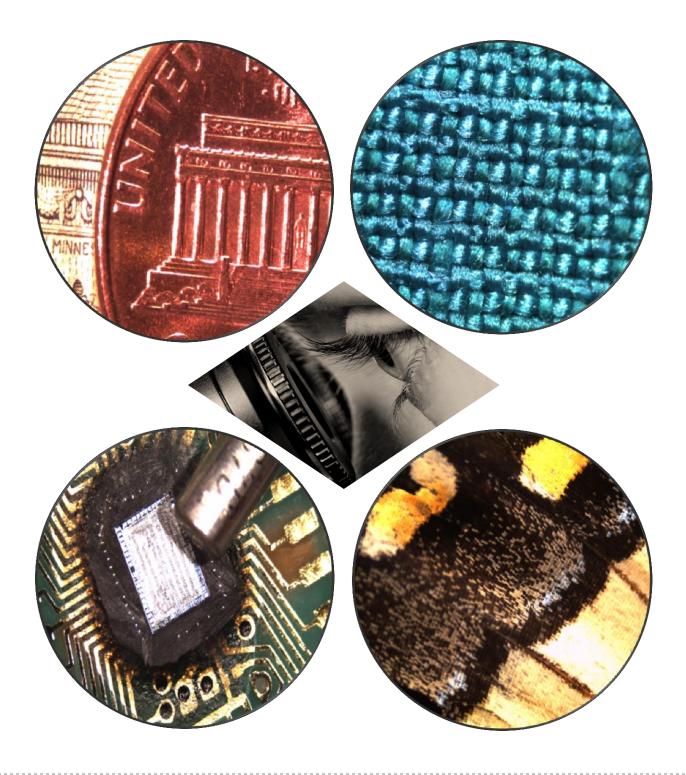

### THANK YOU, VOLUNTEERS!

Below are a few microscopic images of the popular items visitors enjoyed viewing with scopes at *Microscope Day* and the *Math and Science Family Fun Fair* last November – U.S. coins, fabric, a digital watch, and butterfly scales.

#### MMS SUSTAINING & PATRON MEMBERS

The Minnesota Microscopy Society would like to express sincere thanks to our Sustaining and Patron Members. These members provide financial support to the organization above the standard membership fee. This additional support makes it possible for MMS to maintain its financial well being. To become a Patron or Sustaining Member, complete and return the MMS membership form at the end of the newsletter.

#### MINNESOTA MICROSCOPY SOCIETY | MEMBERSHIP FORM

All microscopists are urged to support their Society at one of the membership levels offered below. Often, supervisors will support MMS memberships out of their project budget because they recognize that it is a very inexpensive way to maintain and increase the skills of their microscopists. If you have been a member over the years and recognize the value of MMS to the community of microscopists it serves, consider upgrading your membership this year to the Patron or Sustaining level. Thank you.
