FROM THE DESK OF
ILLUSTRIOUS SIR

Chuck Miller

The big circuses are behind us and it seems, I have been working on these for years.

Bob Sands our promoter decided he was going to retire after many, many years of excellent service to Zor. Due to that we were forced to make several significant changes with the circus this year.

Mr. Sands had been doing a variety of tasks for us for free and his replacement did not believe he could continue that practice that we had become accustomed all these many years. At the same time, our circus Chairman indicated he could not take on the added responsibilities as he was maxed out with his circus involvement already. Gratefully, Dale Holmen agreed to take on the huge role as circus chairman in a limited capacity.

To make a long story short about all the events that has transpired over the last few years. After the dust settled Bob Sands offered his services one more year at no charge for all the media advertising he had been doing for us, our old circus chairman and co-chairman stepped up and worked tirelessly with our new circus chairman. It was necessary that I contracted out the selling of tickets and the ticket takers. They did a good job and they were compensated extremely well.

Our Divan ladies worked extremely well and served up an ample supply of great tasting food.

All in all, the circus should have been a huge success and would have been if more people would have shown up to watch it. The weather was beautiful, the show was great, and the advertising was good. We did have about 20 protesters show up for the second show on Saturday however, I did not see much interaction between our guests and the protesters.

After the show, we thanked our guests for coming and I listened to many comments from them. Mostly they thanked us for putting on a good traditional circus. They said this was one of the best performances they had seen in a long time.

By now you should have sent to the office your 2017 schedule requests for parades, fundraising and all your social events. As I look on our Zor calendar there are still many days with nothing listed? I have been putting the screws to the Divan Rep's to get this information from you, please help them out with this or give them plenty of bandages as they will need them. We have also asked that each club or unit designate a person to be our media person, if one is not assigned the President will be by default.

Zor possesses all the ingredients to be a great Temple, we now have to mix it up and bake it. We believe we own the greatest philanthropy in the world. Every day that I watch the news the broadcasters are looking for feel good news. That's what we're about, throughout Zor land we have hospital fundraisers all the time, we also work with others on 3rd party hospital fund raisers. You can get free advertising on many of these hospitals fundraisers.

We have also started a program called SBI (stop burn injuries) this is a hospital program that offers free literature and materials on burn awareness. February 5-11 is burn awareness month for many schools and fire departments. The budget for many of these volunteer organizations is extremely limited. We can work with them giving them free literature and help them with their burn programs. It would be nice to see a Fez and a fire helmet at the same time.

You should be receiving weekly e-blasts from Zor, if not we do not have your correct email address, just call the office (608-833-6343) and update your information. These new e-blasts are user friendly and another means of communication. We have also discovered we have clubs and units that sponsor a Facebook page. If your club or unit has a Facebook page, good job. Zor is responsible for media from our clubs & units, we need to be aware of the media you are using, contact Steve Livernash at prosticker@solarus.net for more information.

Lastly remember the onions we sell are not a charitable deduction, do not mention the hospitals as you are selling the onions. Onions are a fraternal (Zor Shrine) fundraiser only and must be sold that way. Lady Sharon and I look forward to seeing you as we travel around the State.

DIGITAL / SOCIAL MEDIA

*All New! **BUTTON SPEED** Click and Explore **ZOR***

Illustrious Sir Chuck has put Zor inner communications on top of his list for 2017.

We have a great digital media team in place this year to take advantage of new technologies that are available. A new media contact person has been created within each club and unit.

The days of telephone and paper mail have had a significant impact on our past and have served us well. We will continue to have these valuables in place as always. Smart phones, tablets and computer devices are additional channels of software communication. Digital devices are now the standard with over half of our nobility. It is time, we offer every channel of communication to our Nobles with ease. Acknowledging and adding these upgrades we hope to bring together our Nobility through interaction. The Zephyr will be more than just a monthly read. Our new Zor Button Speed will create interaction with the publication that will then directly take you to a link of your choice. These are exciting times in electronics, but it seems so complicated at the same time to many people. It is our job to make the complicated simple. Providing easy access to all our communication channels is our mission. Digitally, we send, you click, just that easy!

Zor's new Speed Buttons.... *(Buttons top of page and sponsor ads included, over 50 exploratory links in this issue)*

These new interactive buttons have been a big hit with digital minded nobility. May it be looking at current and past Zephyr prints or our website. Zor's Facebook page is alive and well with social posts. Check it out and like the page. The calendar will be filled by April 1st with help of the new media contact people in place. Here you will be able to click on an event and find out all the details you need for that day. Plan Ahead...You will have the ability to print off event forms to send in when available and supplied by the event hosts.

The new Onion button is already a huge hit. By clicking on the button, you will see an Onion Sales Form. This form then can be printed off at home for a great way to keep your sales organized. It also can be hung up on your favorite bulletin board at work or establishment for others to see and sign up.

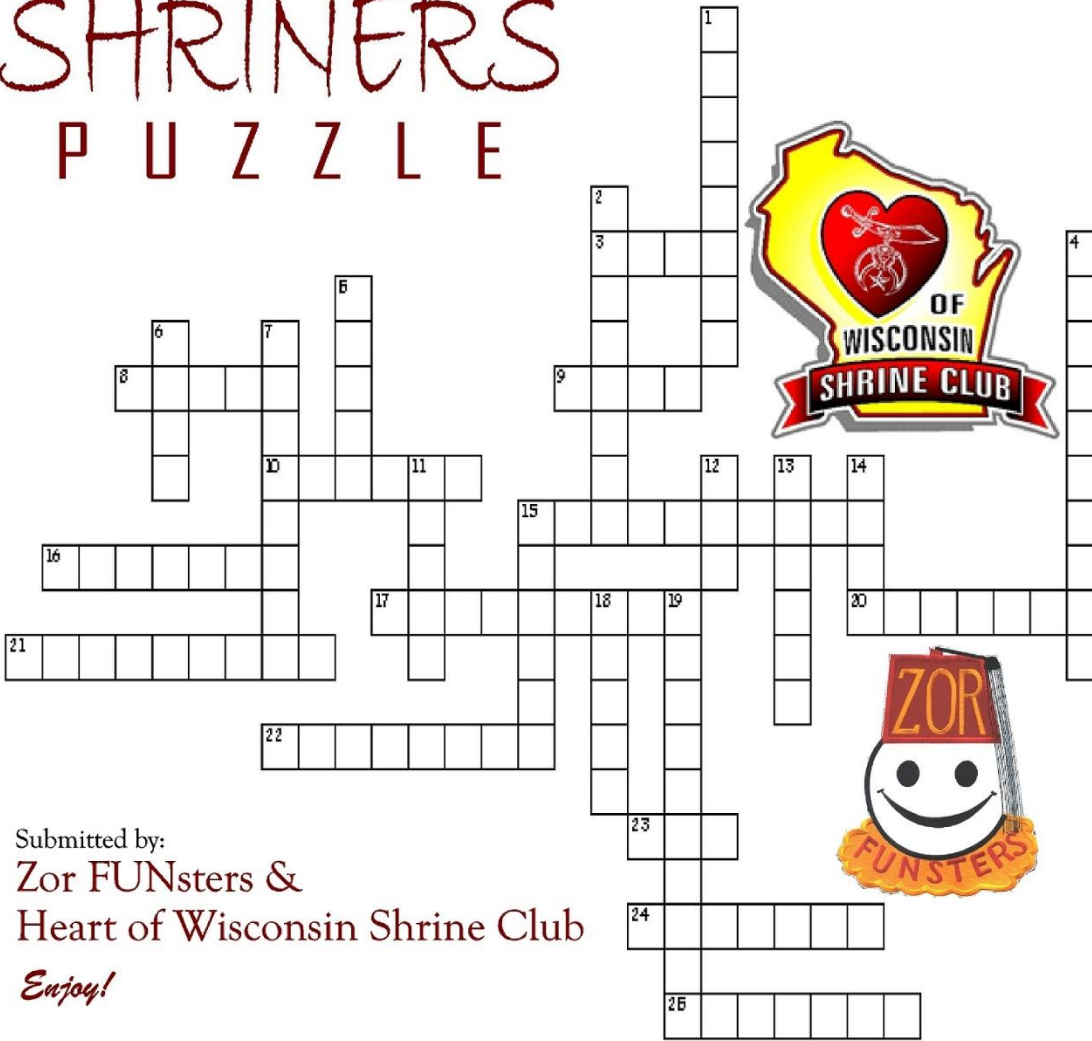

The submit media button can be used by (any noble) to send in info, news, stories, photos with text, short videos for review. These news feeds may be used on Facebook, Zephyr, Calendar and other promotional channels. **(Note: Buttons open a new window, be sure to use your back arrow to return to Zephyr)**

Come on out and attend your next club or unit meeting. A new media contact person has been created within your group. This contact will be key in making communications work between all channels for everyone's benefit. Make your club or unit shine within Zor in 2017.

We are excited to bring these new communication improvements to you and all our Nobility.

Zor Midgets Trio Awarded

These three gentlemen have been supporting the Zor Shriners for many years. L to R. Jimmy Hover, Bob Severson and Bud Hale all from the Mauston area. Hale and Severson are charter members. The Midgets (T-Birds) first started parading in 1969 raising thousands of dollars to support the Shriners Hospitals. These Nobles were presented plaques at the Ground Round in Tomah after dinner for their years of giving. The Midgets are still parading every summer in central Wisconsin after 47 years.

It costs the Temple about \$1600 a month to print and mail the Zephyr. We cannot continue this expense.

We would prefer to email the Zephyr to all our members. If you have been receiving the Zephyr by mail and you have an email address, please provide it to us by calling 608-833-6343 or email us at zorstaff1@tds.net.

If you do not have an email address and you wish to continue receiving the Zephyr by mail just let the office know. If you have already elected an electronic version, thank you! No need to do anything further.

The Zephyr is always available to view from our website at www.zorshiners.com or you may pick up a copy at the Zor Office.

Changes vs Options

How many of these changes have you seen in your lifetime: manual transmission to automatic, delivered milk to store bought, rotary phone to push button phone, outhouse to flush toilets, home phone to cell phone?

Many of us resist being told what to do, and that is how we view change. However, "options" give us the freedom to choose our way of communicating and doing business. Except for the rotary phone, do you realize that all the "changes" above were technically the addition of "options"? The Membership Team has taken on the challenge of working with six generations of Shriners at any given time. It's kind of like planning a family reunion ALL the time, AND trying to get them to give their time, talent, and money to make good things happen. We run the fine line of appreciating our elder brothers while also trying to interest the kids and grandkids to make the Masons and Shriners part of their future.

The changes that the membership team are presenting these days are like ripping off a band-aid. They are trying to go slow, but it's time to rip the band-aid off and ask yourself if you are part of the solution or the problem. When you catch yourself or a brother complaining about change, stop and ask if it is forced change or options to keep others involved. Did they take something away from you or did they just add other communication options that may be new to you? The Membership Team will be sharing time saving communication options soon such as a revised website, easy access to the online Zephyr and more. These options are a sign of being prepared for growth and our future.

Zor Mavericks "Having Fun and Helping Kids"

The Musky Cycle Patrol lines up after the 2016 Muskiest parade.

The Tents are Down and the Circus is Over

The time has come and gone and so has the 2017 Zor Shrine Circus. What a weekend we had. Who would ever think that we would have temperatures in the 60's, in February? The show was one of the best we have seen. If you were not able to attend you missed a great show.

We would like to thank all those that were able to help us out, especially our Ladies. Everyone worked hard and we still had some fun. The circus is a true family event. We had the support of 23 clubs and units for our bike give away and color pages in the program. A big thank you to one and all!

We did receive a couple of bikes from Walmart at the last minute. So, we were able to give a couple of bikes away at the LaCrosse show too. It was a special day for one little boy in LaCrosse. The story goes the only thing he wanted from his Grandma was to go to the Shrine Circus. In the end, he won a new bike and saw a great show. What a birthday!

We do not have all our book work done at this time, but we do know we were down about 20% in our attendance. So, we know what that will mean financially. We will have a better idea and final report at the Quarterly meeting in Wausau. More details to follow in the May Zephyr edition.

Great weather and great time had by all. Thanks for all your help!..... from your Circus Committee.

"Be Burn Aware" materials for children and families

Zor has implemented this awesome public relations program. Any Zor noble can now meet with your local fire department, school or community leaders to offer these free awareness material handouts. What a great way to get our fez out into the community and provide a much needed service. For more information on how you can be a part of this great program please contact your Divan rep or visit our all new facebook page for this great opportunity. <https://www.facebook.com/ZOR-Shriners-Burn-Prevention-Program-189665764850891/> or simply click the red SBI program button we have provided.

The Burn Awareness campaign features two child-friendly characters Boots and Brewster – a caped, cuddly bear and a googly-eyed teapot. In our activity books for ages 3–7 and 8–12, the pair leads children through the various rooms of a house, pointing out dangers and how to easily correct or avoid them. The booklets also have pages for families to map out a home fire escape plan.

Notes from the Women's General Auxiliary

Have you been collecting your pop and beer can tabs? Don't forget to save them and turn them in to your auxiliary or Divan representative. This month we are looking at another way you can help, by donating clothing items to the hospital. Whether these items are homemade, or store bought, they must be new items. The items that the hospital is most in need of at this time are:

- Pillow cases (standard size)
- Socks for young kids ages 3 – 10 (male and female)
- Travel pillows
- T-shirts for boys and girls (all sizes, especially small children)
- Fleece blankets, approximately 50"x60" preferred, for boys and girls of all ages
- Elastic band gym shorts, both styles with and without snaps

Perhaps you are a power shopper who needs an outlet, or a grandma whose grandkids only want gift cards, or someone with sewing talents and a desire to create....The WGA would love your help!
