**A MESSAGE FROM YOUR ZOR POTENTATE**

Happy 4th of July! Wow, it's already the seventh month and our fraternity is in full swing of the summer activities. I hope everyone is enjoying the many activities going on all over Zorland. I know Lady Judy and I have been busy traveling to events and enjoy meeting old friends and making new ones as well.

Upon settling down after a fun filled Ceremonial in Eau Claire in May, the month of June has been quite busy.

Kicking off the month was the annual passing of the gavel at the Wisconsin Grand Lodge 174th Annual Communication. I would like to congratulate brother and Noble Scott Pedley, who became Most Worshipful Grand Master Scott Pedley during those proceedings. We are very proud of our brother and wish him and his Lady Ronda all the best as they travel through Wisconsin promoting Masonry. I was delighted and honored to represent Zor Shriners and present MWGM Scott his official Zor Grand Master's Fez.

As the parade season is getting into full swing I participated with my unit, Musky Cycle Patrol, on June 10th, at the annual Aqua Fest Parade in Rice Lake. Fortunately we had no mishaps, but it prevented me from attending the Southwestern Wisconsin Shrine Club's Steak Fry in Platteville. Reports are that it was well attended and everyone had a great time. I'm sorry we were unable to attend the event.

The Mehara Shrine Club hosted its annual Shrine Circus in Eau Claire and Menomonie. Brian Dunham, Zor's Outer Guard, and also Mehara's Circus Chairman did an outstanding job of planning and coordinating performances. Club President, Bruce Fransway, along with many Nobles and ladies from the Mehara SC were there working at the many tasks to assure that all attending the Circus would have a great and positive experience. On Tuesday, between the afternoon and evening performances we performed a 'Cold Sands' initiation at the Mehara Shrine Center bringing aboard new Noble John Nebelshiek. I have been informed that they would like to establish this as a 'new tradition', i.e., to bring in new Nobles in conjunction with the circus. I think it's a great idea and look forward to helping to build this tradition.

In Viroqua, at an open meeting, we initiated five new Nobles in another 'Cold Sands' event. It was very well attended with a chicken dinner being served prior to the inductions. Membership Chairman, Chris Underwood (also WM of the Viroqua Lodge), worked hard to make this a meaningful and special event for all who were in attendance. There is more on this event elsewhere in this issue of the Zephyr.

Our June Divan meeting was held at the Masonic Lodge in Janesville on June 18th. I would like to thank the Janesville Lodge for their

great hospitality and allowing us to use their conference room. Noble Duane Harvey was very instrumental in arranging and planning the event, we would like to thank him for his fine efforts. Our Steak Fry team was on board to provide the group with a great meal after the meeting and yes, another 'Cold Sands' initiation. We created three new Nobles in Janesville and we are anxious to have them become active and involved in the fraternity. Our Steak Fry Chairman, Al Brueggen, (1st Ceremonial Master), along with his lovely Lady Penny, brought the trailer and all the supplies to Janesville. Thanks Al and Penny.

The Saint Croix Valley Shrine Club hosted a dinner cruise on the St. Croix River leaving from Stillwater, MN, on June 24th. The cruise originated as, and is still an 'honored ladies' event. It is a great outing and activity sponsored by the club and a great time for everyone aboard! The deck of a river boat is quite a setting for a cold sands initiation. Again, we initiated new members into Zor Shrine!

The summer season is a time where we take the opportunity to initiate new members who may not have been able to attend a scheduled ceremonial. Those initiated in this manner are expected, but not required, to attend the next full ceremonial and take part in the full ritual and regalia which symbolizes our traditions as Shriners. I am pleased to report that at our last Divan meeting it was reported that so far this year we are at a total of 10 new Shriners. This is great news and we expect to see several more new Nobles as we go through the

# The Great SHRINER PARKING LOT PARADE PLANE CRASH of 2018

By Mark B Hazelbaker

Shriners, ladies and community members converged on the Shriners' Hospital for Children – Chicago (which is, to be precise, located in Oak Park) on Sunday June 3. These several hundred visitors experienced what they expected – a tour of the excellent health care facility operated by the Shrine; an interesting program; fund and food, and, the usual collection of clowns. No one could have known, however, that the day's events would culminate in the first recorded Shrine Parade Plane Crash in the history of our Ancient Order. The events leading to that unceremonious, but happily injury-free event, are worth noting.

The first Sunday of June of the even-numbered year, the Chicago Hospital (Oak Park) holds an open house to modestly present the excellent facilities and care provided there. It's an opportunity many hundreds of people take to tour a unique health facility, one which still pursues quality over quantity.

It would not be a Shrine event if the serious purpose of the event were not accompanied by a hearty dose of fun. Mary Poppins set the tone – a spoonful of sugar helps the medicine go down, she sang. So, an open-air picnic with hot dogs, sandwiches, cookies and lemonade certainly helped the medical tours and program go over.

This year, the tour included presentations on the range of services the Hospital provides. The newer and notable features included the hospital's amazing EOS diagnostic imaging machine and magnetically adjustable orthopedic rods.

The EOS machine gives clinicians a three-dimensional view of their patient standing or sitting. In a health care practice which emphasizes restoring or giving the ability to stand and walk, visualizing how the patient's skeleton functions in an upright position is critical. The

machine itself is formidable in appearance. It looks like a 21st century phone booth would appear, if there were any phone booths left. Patients stand or sit inside the booth. The diagnostic imaging technicians adjust the machine to scan only the areas of the patient which need to be imaged. The EOS uses a small fraction of the X-ray radiation used by traditional machines. It dramatically reduces the total body radiation exposure of the patients. That has huge health benefits for the children seen at the hospital. The EOS machine was a great addition to the hospital – and it cost \$750,000. The funds for that device came from Shriners throughout the Midwest.

Some Shriners' patients present with spinal anomalies such as scoliosis, or improperly formed leg or arm bones. Treatment may include insertion of metal rods to straighten the spine or the bones. That treatment is complicated by the growth of the patients – the rods become too short as the bones lengthen. Until recently, extending the rods required additional surgeries, which meant hospital admissions, taking kids from school and the risks that go with inpatient procedures.

In the past year, Shriners has begun using new technology – rods that are adjustable with magnetics through the patient's skin, with no incisions or surgery. Many of the adjustments are done in the patient's home, by the child's parents. The adjustments can be made more frequently and in smaller increments, resulting in a more normal response to growth. It offers huge advantages from eliminating several follow-up surgeries. The downside? The rods are made of surgical titanium, machined to exacting tolerances. They cost tens of thousands of dollars. That's where Shriners' motto of "love to the rescue" comes in. We don't put cost before patient wellbeing. The Chicago Hospital Board approved introduction of the magnetic rods

knowing full well that fundraising would need to pick up the tab.

After the guests saw the Hospital's facilities displayed, they heard the results of our services from one of their recipients. Isabella Rose, a 15-year-old now living in Santa Rosa, was born with difficulties swallowing, breathing, sleeping and soon afterward, talking. Her parents took her from one health care specialist to another without success. Through an acquaintance who was on the Chicago Hospital Board, Isabella's family was able to bring her to Chicago. There, within five minutes, the professional staff diagnosed her problem – a rare type of cleft palate which is not visible. Surgery and therapy corrected the problem with spectacular results.

Isabella, who had trouble learning to talk, delivered the keynote address of Hospital Day. She confidently and clearly told the assembled guests how Shriners' treatment changed her life completely. To put an exclamation point on it, she also sang the national anthem. Her story was profound and moving, an example of the results of compassion.

Hospital Day traditionally ends like most events, with the crowd in the parking lot. There's a slight variation on the theme at the Chicago (Oak Park) facility. The crowd doesn't just walk out to the parking lot and leave. They attend a Shriners' Parade out there in which more than a dozen units march the 1000-foot-long perimeter of the parking lot. The units pass in review under the drop-off portico of the hospital and return to the place from whence they left, the side lot.

Billed as the World's Shortest Shrine Parade, the 2018 running became perhaps the oddest. It featured drum and pipe corps, Tin Lizzies, mini cars, motorcycles, motorized magic carpets, clowns, and vintage cars. Tebala Shrine brought their wing of fighter planes, which patrolled the parking lot (on

their go-kart wheels) without encountering any hostile fire. Not to be outdone, the local force, Medinah Shriners, launched their air power. Medinah fields a much larger airplane which gives a convincing appearance of a King Air twin engine plane on top of a go kart. The proud pilot maneuvered Medinah's air command around the lot, proudly displaying its newly refurbished airframe and paint. He piloted the machine under the portico. He was making the final turn to line up for his final approach when the impossible occurred – the plane crashed in the parking lot.

In but a moment, the plane stopped rolling along and fell, dead, on its nose, awkwardly positioned and blocking the parade route. Behind this embarrassing situation, the remaining parade units marched in place, waiting to see what would happen.

The response was all but legendary: the crowd had a chance to see how many Shriners it took to fix an airplane. Masonic dedication being what it is, within a few moments of the plane crash, dozens of brethren raced to the rescue. Their efforts consisted, at least initially, of standing around the downed aircraft and offering solemn pronouncements about what should be done. Finally, after a few minutes, the commander of Medinah's air wing arrived at the scene, inspected the machine and issued a directive. We would pick up the plane and carry it.

Thus, it was that we learned, by doing, how many Shriners it took – one commander to give directions, and something like a dozen to lift, push, pull, and shove the plane to the side lot. There, after more deliberations, the same teamwork resulted in the plane being pushed onto its trailer.

The annals of the Shrine will record many tales of virtue, dedication and honor. It is safe to say, though, that it is likely that anything like the Great Plane Crash of 2018 will again be seen.

HE PILOTED THE MACHINE UNDER THE PORTICO. HE WAS MAKING THE FINAL TURN TO LINE UP FOR HIS FINAL APPROACH WHEN THE IMPOSSIBLE OCCURRED – THE PLANE CRASHED IN THE PARKING LOT.

*Nobles from BEJA, ZOR and TRIPOLI Temples*

# Green Bay Packers Midwest Shrine Football Game

*Illustrious Sir Gary Chuskey and Noble Al Heinkel at the August 2013 Game*

The Midwest Shrine Game is scheduled this season for Thursday, August 16th, at Lambeau Field. This event, hosted by Tripoli and Beja Shrine Temples, has been well attended and a fun-filled experience for many years.

The Packers Organization has donated thousands of dollars over the years to the Shriners Hospitals for Children. Any Zor Shriners who are interested in attending the game and participating in the 'Pre-Game' on the field activities are welcome to attend and take part in releasing balloons and/or holding the American Flag during the singing of the National Anthem.

Beja Shriners host a pre-game 'Tailgate Party' which is open to all Shriners. The 'Tailgate Party' has traditionally been at a cost of \$20.00 per person. Drinks, burgers and brats have been the traditional menu for the event.

Tickets for the game against the Pittsburgh Steelers are available through Tripoli Shriners in Milwaukee. Ticket prices are expected to be the range of around \$60.00 each. Tickets will be available closer to the event and can be ordered by contacting Tripoli Shriners at: Tripoli Shrine Center, 3000 West Wisconsin Avenue, Milwaukee, WI 53208. Phone: (414) 933-4700.

The game is scheduled to 'kick off' at 6:00 PM with activities starting at least 4 hours prior to the game.

To participate in the pre-game activities contact Zor Potentate, Gary Cuskey at: [gjcuskey@charter.net](mailto:gjcuskey@charter.net) or call: Office (715) 635-3885 or Cell: (715) 520-3052. You must contact me or my office by August 9th in order to be included in the on-field activities. Thanks, Gary.

## HONORED GUEST

*Illustrious Sir Gary Cuskey, Zor Potentate, (with his back to us), and Noble Scott E. Pedley, Most Worthy Grand Master of Mason's in Wisconsin. Illustrious Sir Gary Cuskey, Zor Potentate, was one of the Honored guest at the annual communications this year. Also attending the installation of Grand Officers he had the honor of presenting the Zor Grand Masters Fez to Noble Scott E. Pedley, Most Worthy Grand Master of Mason's in Wisconsin.*

*'From Your Zor Potentate' continued from page 2*

remainder of our 'Membership Challenge Steak Fries'.

Zorfest music festival is rapidly approaching and we're looking forward to a great day of fun and country music in Sparta. I hope to see many nobles and guest at the event on Saturday, July 21st.

Shriner's Imperial session is coming up from July 15th – 19th. Several Nobles and ladies are planning on attending the event in Daytona Beach, Florida.

The annual MSA summer session is scheduled to begin with counterpart get-togethers on Wednesday evening, August 15th, in Deadwood, South Dakota. Naja Shriners have worked hard to put together a fun filled event through Saturday, August 18th. It's not too late to make plans to attend but time is running out fast for accommodations.

Congratulations to our Imagineers for winning the

Dromedary Award for the Zor Zephyr. This award was given for the best regularly published news magazine by a Shrine Temple. I want to commend Noble Steve Livernash, Zor Public Relations Director and Imagineers President, and the entire cast of 'Imagineers' for their commitment to excellence. This is evidenced by their winning the Dromedary award and a quality product enjoyed by our members each month. I am very proud of our 'Imagineers' and everyone in Zorland should be proud as well. Keep up the good work!

As you can see there is a lot going on over the next couple of months and I've only mentioned a few. Watch the Zephyr and our website for scheduled events. We continue to stress that we want to have 'fun' while we are Shriners Delivering Hope'.

## VARIETY SHOWS

*Janesville Variety Show which was held at the local Moose Lodge had 33 attendees with 2 members of Rock County Shrine Club and 4 members of the Mini Cars. Thanks to Dale Olson (South Rep for the show) who also attended. The Directors Staff sponsored show was held at the Juneau Community Center with 18 attendees'. 4 Director Staff members and our loyal follower Dale Olson*

**WE  
HAVE FUN  
LEARNING  
FROM EACH  
OTHER**

**Steve Livernash**  
PUBLIC RELATIONS DIRECTOR  
prosticker@solarus.net

Congratulations to all Nobles and our Zor "Imagineers" team on winning the Imperial Dromedary award. Zor Zephyr was selected as one of two winners in the magazine category. We would also like to thank our office staff and Helmer Printing for making a real team effort in achieving this prestigious award.

Chuck Miller PP had a vision to improve Zor communications in 2017. A new revamp in communication infrastructure was developed including improving the Zephyr publication. Illustrious Sir Gary Cuskey in 2018 has supported these continuous technological advancements. With a collaborative joint effort, we are starting to see the fruits of our hard labor. The vision of Chuck and the support of Gary and his ideas we are making huge strides in building a solid platform for communications.

Please consider being apart of the "Imagineers" we are looking for idea people. You do not need to be "Tech" savvy, Just the passion to help Zor improve. The "Imagineers" members are so diversified in skills. We take ideas and make them happen.

Mistaking "Motion for Action". Many are quick to motion by flapping a jaw about changes, but never do anything about it or have the means to do so. Others are quick to action, starting things before thinking it through and never completing the task. The combination of motion ideas and having a team for action is the key! Together the change or improvement is in reach and very possible. This has been the "Imagineers" personae to unite Nobles for a common goal and for steadfast improvement. We have fun learning from each other and teaching Nobles technology and developing new concepts. This could be from a

*imagine that!*

new crazy parade idea project to audio and video. Each club or unit should have one designated "Imagineer" person to use the resources and personnel available for social media and exposure of events.

The old saying "Only the dead fish go with the flow" is true. With technology constantly changing it is an upstream swim to keep up with it. To stay in the current, you can learn and see what is coming at you and adjust accordingly. Others choose a stagnant water hole that only lends itself to a "A big fish in a small pond" were swimming in a circle gets you only back to the starting point.

We can either "Sink or swim" and The Imagineers have chosen to fabricate our own fins. Together we can make a difference carving out new communication channels to meet and interact with fellow Nobles in the 21st century.

We will be having the first ever "Fezzie" Awards later this year where we will be selecting the best social media posts, pages and communications from Nobles, clubs and units. More details to come next month.

We would like to acknowledge the "Imagineer Team". Who are your local Imagineers? Contact one or become one and see where ideas and infinity start!

# Timber Shrine Club Celebrates 50 years as the Kwahamot Water Ski Benefit for Shriners Hospital for Children - Twin Cities

On Saturday, July 28th The Timber Shrine club will be the Charity Benefit, sponsored by the Kwahamot Water Ski Club (Tomahawk spelled backwards). This will be the 50th year that the local Tomahawk Water Ski Club has sponsored the Timber Shrine Club benefit.

**Shriners Hospitals**  
for Children®

This has been a great fund raiser for the Timber Shrine and a great way to get exposure to Tomahawk and surrounding communities about Shriners Hospital.

You are also welcome to join the Timber Shrine club for dinner prior to the show at the Outboard's Bar & Grill (616 N 4th St. Tomahawk) just across the street from the ski Show. Meet and Greet will start @ 5:00 and we will order off the menu at 6:00.

Please join us in Tomahawk on the Wisconsin River @ 7:30 p.m. for the Kwahamot Water Ski Show. Nobles remember to bring your Fez. Everyone is welcome to come and this includes any of the ZOR clowns.

Please RSVP to Steve Peterson, if you can join us for dinner @ 715-573-4059 or 715-848-1768.

The Kwahamot Water Ski Club has hosted numerous State and National Water ski tournaments and a number of National water Ski show championships. Like many Water Ski Teams, their members range from 5-75+ years of age.

During the intermission, a Shriner will share information about what services the hospitals provide, why they do what they do and how they raise money for the Shriners hospital and/or a Shrine patient will share their story. Also during the intermission the Shriners will pass the Fez and all donations will go to the Shriners Hospital for Children, TC.

## PRESIDENT CARTER PRESENTED WITH IMPERIAL POTENTATES MEDALLION

*Imperial Potentate Gary Bergenske (left) and President Jimmy Carter (right)*

President Jimmy Carter, 39th President of the United States, was presented an Imperial Potentates MEDALLION by Imperial Potentate Gary Bergenske at a private dinner in Plains, GA.

President Carter is an extraordinary Supporter of Shriners Hospitals for Children. In recent years he has done a TV Commercial for Shriners, helped to set up SHC Clinics, and assisted in paving the path for patient transportation.

Congratulations President Carter and thank you for your efforts assisting Shriners Hospitals. Having Fun and Helping Kids.

## ZOR/ Imperial Shrine Dues

*By: Gary Cuskey – Zor Shriners – Potentate 2018*

Sometimes it may seem like dues notices are coming around sooner than we may have expected. After all, as we get older, it seems like time slips by faster and faster and pretty soon we are looking at a renewal notice for a magazine, newspaper or our membership in the fraternal organizations. There seems to be some misunderstandings among members belonging to Shriners International and Zor Shriners. Dues notices typically are sent in the fall to cover the membership costs for the upcoming year, not the current year. Current dues are broken down as follows: Dues (next year) \$50.00, Per Capita Tax (next year) \$30.00, and Hospital Assessment (next year) of \$5.00, totaling \$85.00. Our dues are actually due by December 31st of the current year to cover the next year's membership costs. Early in the year, ZOR Shriners are required to remit to Shriners International that portion of each individual's dues that are payable to Imperial. When we have individual nobles who remain unpaid, those funds are coming out of the ZOR Shriners bank account to cover the Imperial portion. This does put stress on our budgeting process and can ultimately lead to a brother being suspended for non-payment of dues.

Current policy automatically places a Noble in a suspended status should the dues go unpaid after one year ending on the current year December 31st. Also, this suspended status can cause a Noble to go through what I call some 'nuisance paperwork' to achieve reinstatement - which none of us like! If there are special circumstances that are preventing a Noble from remitting dues payments, such as physical or cognitive functions, financial, or other issues, you or a family member is encouraged to contact a club or unit officer or Divan representative who in all likelihood could help solve any of these problems. After all we all became Shriners to be part of something **'bigger than ourselves'** and to help our 'kids'. I trust that hasn't changed over the years. No matter how much, or how little, we can be involved in our fraternity our financial strength is still very important to continue our mission of helping our 'kids'. By not paying dues on a timely basis or letting it go until one is suspended definitely puts stress on our financial strength and diminishes our ability to move forward. Hopefully this helps clear up any misunderstandings of how our dues system works and should there be any questions please do not hesitate to contact the ZOR office, club or unit officers, or your Divan representative.

# Chance meeting with his Minnesota Shriner Counterpart

Submitted by Darrell Smith S/T Vacationland Shrine Club

Recently the role of the Vacationland Shrine Club and their visibility in the community have been expanded and enhanced. It was club president Mike Karas' idea to give all active members a task in hopes of involving them in an activity so perhaps they would volunteer their time by transporting young patients and their parents to the Shriner's Hospital for Children. He created a new squad and named it "Kilbourn Hospital Dads" which became the club's main program. "Kilbourn" was the name of Wisconsin Dells until 1932 when the name was changed.

In April 2018, the club S/T Noble Darrell Smith from Baraboo, WI had an amusing tale he wishes to share with others. What are the odds of meeting another Shriner with your name? About a year ago, Smitty joined the Kilbourn Hospital Dads and he had been primarily the driver however, occasionally, his role was as sidekick/navigator going to and from Shriners Hospital for Children Chicago. As you know, a transportation Dad may be called upon with short notice to journey elsewhere. Then a brain flash occurred! It might be prudent to research the route ahead of time to Shriners Hospital for Children Twin Cities! He called upon his Brother and fellow Maverick, Noble Larry Curtis for his expertise. He hooked up with Larry and on a transport to the Twin Cities he learned the short cuts, took exit 237, followed the train tracks, and arrived ahead of schedule! This trip took four hours...one way! However, his second trip was much more memorable and that is when the cross-border encounter took place.

Coming back from lunch with their Fezzes on Larry ducked into the restroom and Darrell continued down to the hallway to where another Noble was standing. He noticed that the other fella was wearing the required name badge. He slapped his chest in disgust and explained to the Shriner that this was his second visit to the hospital and each time he had forgotten to wear the name badge. The Shriner laughed and said he thought since Darrell was wearing his Fez that he'd be okay. It was then that Darrell his name badge said "Darrel". Spelled with only one 'L' instead of two like his...but the same name! Darrel and Darrell got a laugh out of their names being the same since it isn't a common name. They continued to talk about Darrell's trips to Chicago and how things were working out with each other's hospital trips and such. They agreed that volunteers are desperately needed, and that the Hospital Dads program provided a vital link to the success of the

Shriners Hospitals for Children. Then Darrell noticed that his new friend was from Rochester, MN and his full name is Darrel Smith! Darrell said, "You're not gonna believe this, but my name Smith too". About that time Larry Curtis, shotgun rider/ navigator from Coloma, WI, returned and was introduced. Pictures were taken, and conversation and laughs were exchanged.

Perhaps some additional background information might be helpful for those that have not made the connection. You may remember the Bob Newhart Show from several years ago? The one where Dick Loudon owned a Bed-n-Breakfast in Vermont? The three brothers would step out onto the set. 'Larry and his brother Darrell and his other brother Darrell'. They only had bit parts, but they were funny and got a lot of laughs. The two Darrell's remained silent while Larry did all the talking. It was a cute Hollywood piece of acting and writing.

Now their antics are complete, the brothers three. Wisconsin's Larry and his Brother Darrell Smith and their other Brother Darrel Smith from Minnesota! What are the Odds?!

## Wait...What?

# VIROQUA?

## *Where's that at?*

Tucked away in the Coulees of Southwest Wisconsin is the Driftless city of Viroqua. Viroqua is a diverse community with deep roots in Freemasonry and its appendant bodies. The stories still flourish backed by artifacts and lodge minutes of Former Secretary of Agriculture and Governor of Wisconsin, Bro. Jeremiah Rusk and his best friend, President Ulysses S. Grant.

Most recent members such as Bro. Marlow Nelson, dubbed as the first Secretary of Agriculture of Japan sent by U.S. General Douglas MacArthur post WW2. The stories and brotherhood continue as they did in the late 1800s and this Lodge continues to grow rapidly with 85% being Zor Shriners. The Vernon County Shrine Club and the Cold Sands Brewers call this Lodge home and has

also grown its membership by 14 in the last 28 months.

Labelle Lodge and the Vernon County Shrine Club are known to think out of the box, trying things that have never been done before. Our motto is "Our legacy is forever and change is inevitable." As Worshipful Master of Labelle, I again had an idea that was, to anyone's knowledge, never been done before. I then sat down with Illustrious Sir Gary Cuskey asking if it would be appropriate to have a Cold Sands ceremony during a Public Opened Lodge. By no surprise, Illustrious Sir gave the go ahead with the Most Worshipful Grand Masters approval first. After proper channeling through the Chain of Command, and the approval from the Most Worshipful Grand Master Arby Humphrey, Labelle Lodge

#84 had dinner and then held a public opened Lodge with 56 in attendance. The Lodge awarded two \$500 Random Acts of Kindness, a 50 year Certificate to Bro. David Lawrence and the Floor was given to Illustrious Sir Gary Cuskey for the remainder of the evening. IS Gary gave an amazing opening speech on Shrine Masons and the importance of unity as Labelle Lodge and the Vernon County Shrine Club has did here today.

We welcome new Bro. Nobles Bradley Erickson, Brock Hansen, Austin Underwood, Chet Melcher, and John Necollins to our Philanthropy as they all equally expressed there first order of business is to visit or volunteer by taking a Shrine Patient to the Hospitals.

Six ambulances were ready when the military and Shriners Hospitals for Children medical teams landed in Galveston with children severely injured in the #FuegoVolcano eruption. The C-17 landed minutes ago and the children will be transported to Shriners Hospitals for Children - Galveston.

### **Shriners Imperial 2018**

June 22 at 9:13 AM ·

Last night Imperial Sirs Bergenske, Cain, and Leib visited the West Wing of the White House for the purpose of thanking the United States Government for their recent assistance with bringing back patients from Guatemala due to the volcanic eruptions. Although we made it to the Oval Office we were unable to see the President. However, we left behind our grateful appreciation in the form of a plaque, to the US Military, State Department, and Embassy for their extraordinary collaboration with Shriners Hospitals for Children to assist in saving young lives.

# American Burn Association honors Shriners Hospitals for Children physical therapist

**Ingrid Parry receives the 2018 Barbara Knothe Burn Therapist  
Achievement Award**

Ingrid Parry, a physical therapist at Shriners Hospitals for Children — Northern California, has been honored by the American Burn Association (ABA) as the recipient of the 2018 Barbara Knothe Burn Therapist Achievement Award. The award commemorates the spirit of Barbara Knothe, who dedicated over 20 years of service to burn rehabilitation. It is intended to inspire occupational and physical therapists to be both clinical and research based in their daily practice.

The award was presented to Ms. Parry during the 2018 Annual Meeting of the ABA held April 10-13 in Chicago. ABA President Steven Wolf, M.D., chief of staff at the Galveston Shriners Hospital, and outgoing ABA President Linwood R. Haith, M.D., presented the award.

“Receiving the Barbara Knothe Award is particularly meaningful to me because I have devoted my entire life's work to be a burn therapist and honing my skills to make the best

difference in the life of children who are burned that I possibly can,” said Ms. Parry. “I have met innumerable patients and their parents who have added to my journey of learning. They don’t probably realize it, but I carry those memories and lessons with me like they are my angels as I try to not only improve my own skills but to improve burn rehabilitation in general.”

Ms. Parry holds a Master of Science Physical Therapy from Duke University and a Bachelor of Science Kinesiology from the University of Colorado, Boulder. She has worked for Shriners Hospitals for Children — Northern California for 21 years as a physical therapist and rehabilitation research specialist. She also is a research physical therapist for the University of California, Davis.

Through her work with the ABA, Ms. Parry participated in the development of the American Burn Association Burn Therapist Certification (BT-C). Established in April 2018, the certification serves to formally identify a physical or occupational therapist who has specialized skill, knowledge and experience in burn care.

“Burn survivors have so many rehabilitation needs after their injuries that they need burn rehabilitation specialists to help them fully recover,” said Ms. Parry. “Now, with the BT-C, therapists with this specialization can be identified throughout the country. Having a certification for burn therapists also raises the standard of care, helping burn therapists throughout the world achieve a defined high level of practice.”

Ms. Parry said her work has been inspired by the work of other burn therapists throughout the world, including her colleagues at all four Shriners Hospitals for Children specializing in burn care. “The burn rehabilitation community is a collaborative and dynamic group of passionate professionals,” she said.

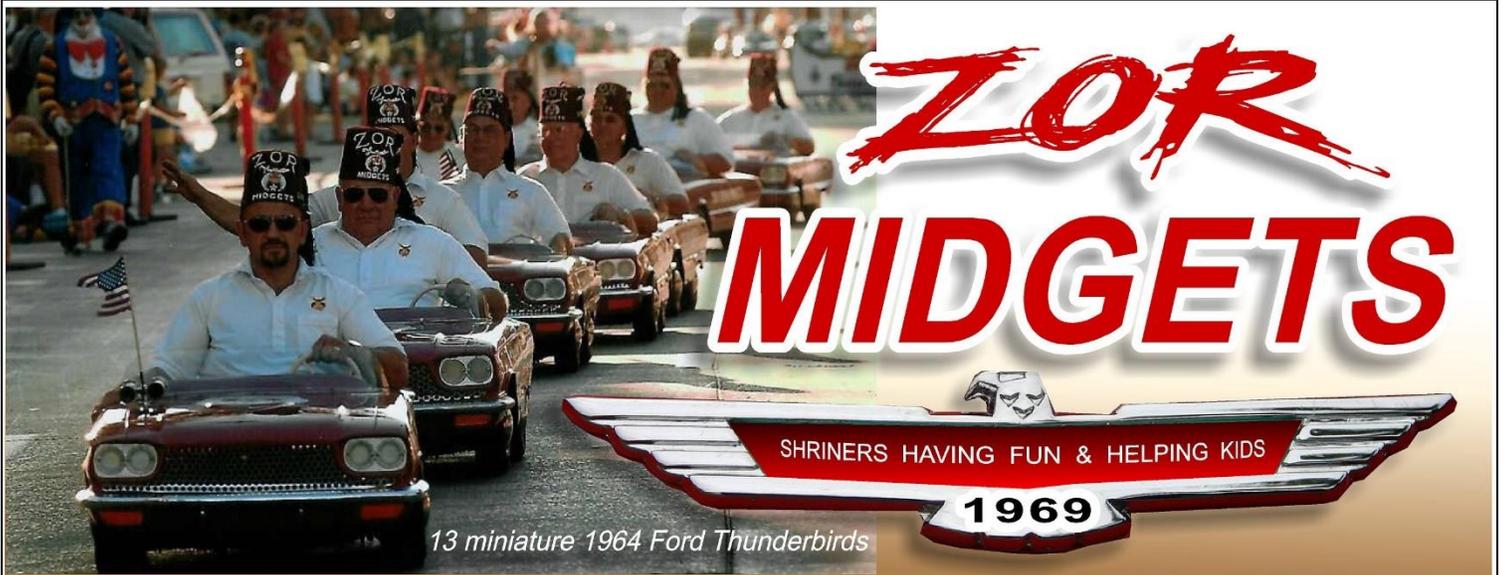

Shriners Hospitals for Children — Northern California is the regions only dedicated pediatric burn program verified by the American Burn Association and the American College of Surgeons. Patients travel from throughout the Western United States, Mexico and Canada for care. David Greenhalgh, M.D., FACS, chief of burns, leads a multidisciplinary team that works in concert to maximize cosmetic and functional outcomes. All care includes aggressive therapy and emotional support.

To refer a patient for care, call 916-453-2191. For urgent and emergent matters, call 916-453-2111.

RE: Shriner Awareness Day - Guatemala Volcano Eruption

We have had Shriners Awareness Day on the calendar for months. However, we did not know that Shriners would be called upon to be part of a rescue mission to save critically burned children in Guatemala. Nobles from Florida, Guatemala and Texas have worked closely and collaboratively with Shriners Hospitals for Children medical professionals as well as governmental leaders from the United States and Guatemala in actively participating in this rescue mission. At 3:15 pm (CT), a military transport plane with military burn specialists on board, left San Antonio to land in Guatemala in hopes of picking up six children who have suffered burn injuries in the recent volcanic eruption in Guatemala. Medical professionals from Shriners Hospitals for Children are already in Guatemala and are making arrangements for the transportation of the children from a hospital in Guatemala to the military transport provided for this mission.

It is estimated that the burned children, their guardians and Shriners Hospitals for Children personnel will arrive in Galveston for transport to Shriners Hospitals for Children in Galveston at 12:50 am on Thursday morning.

The critical part of this mission will be the work of the medical professionals in preparing the patients for transport while in Guatemala. Quickly getting the patients ready for transport will test the skills of the medical teams involved.

While this transportation mission is being completed, Nobles and their ladies are encouraged to continue to learn about and participate in this mission. There are several specific things that you can do to help make sure this rescue mission is successful. You may want to contact your local television station to see if they have any information on the current status of this mission. By the late newscast, there should be information/video on whether the medical teams have arrived at the

hospital in Guatemala and perhaps even left that hospital with their patients en route to the military transport at the airport in Guatemala.

You can also share this information, concern about these patients and the success of this mission with friends and family members so they can also track the progress of these patients to Shriners Hospitals for Children in Galveston.

Do not hesitate to post about this rescue mission on Facebook. Finally, this is a great opportunity to share with your Masonic friends, who may not yet be Shriners, about how great it is to know that Shriners are making a tremendous difference in the lives of children by providing outstanding specialty care to children without regard to their families' ability to pay.

As owners of Shriners Hospitals for Children, Nobles and their ladies have a deep interest in the success of this rescue mission. We encourage all Nobles and their families to become part of this mission by actively participating in spreading the word as identified above.

You should be extremely proud to be an important part of the Shrine during the course of this rescue mission and of the world-class medical care and treatment these children will receive while at Shriners Hospitals for Children following the successful completion of their transportation to Galveston.

Thank you for your efforts on behalf of our fraternity and charity. Please keep these precious children, their families and the success of our mission in your prayers.

A new file is available for you to download from the Fraternal Communications boardroom at Shriners Village.
