LOVE IS ALIVE

Hello ZOR LAND!

At the time of writing this, we are rapidly closing in on our joint ceremonial and Potentates Ball with Tripoli and Beja. You still may have time to register. There is a Friday night meet and greet, along with the ceremonial and Potentates Ball on Saturday. This event is centrally located in Stevens Point. For more info or a last second registration, please go to www.ZorShriners.com. While you are there, please look around at our freshly updated site. We will continue to freshen up the page as we move through the year. If you have any suggestions, please let us know.

At our Wausau quarterly, we had another cold sands, bringing in 2 more new nobles. What a great event the Wausauken Indians put on. As usual, there was a wonderful turnout, the food was great, and the door prizes (flowers) were beautiful. Both my Mom and Lady Linda were winners! The surprise at the end of the night was that we were treated to the unveiling of a new club—well, really a refresh of the current club. The Wausauken Indians have been refreshed and renamed the Wausau Shrine Club. The new logo and headgear have been coming for a long time. Great job, guys!!

If you have never been to the Tomah Easter Egg hunt you need to put it on your calendar. This year there were over 3,000 eggs to find, events for kids of all ages, facepainting, and the Easter Bunny. Not sure how he got time off during that season, but I guess we pulled a few strings. This year's event was the largest thus far. I understand we even sold out of lunch. Thank you for your commitment! The community LOVES and notices the hard work you have put in.

Linda and I had the wonderful privilege of attending the 102nd WGA4 Kids annual meeting. We have a few

very active WGA chapters in ZOR. WGA stands for Women's General Auxiliary, they do however welcome men as members. The WGA raises money to provide wheelchairs, adaptive equipment (bath chairs, standers, strollers, etc.), funds for patient activities, and toys and blankets for the children at Shriners Children's Twin Cities to enhance their quality of life. Last year there was no single larger donor to the Twin Cities system. I sure was proud of ZOR's participation in this organization. To all involved keep up the great work YOU are making a tremendous difference.

Regrettably, we were unable to attend the crowing of a new Queen for Daughters of the Nile Antioch Temple 113. However, Brad and Michelle Schultz were in attendance for the celebration. Thank you, Brad and Michelle. Congratulations Queen Regina Fisher!! ZOR, Linda, and I wish you an amazing reign. And a HUGE thank you to Jenn Vernig for your commitment of the time representing Temple 113.

MSA is fast approaching. We are gathering a list of names that may be interested in riding a bus to Moose Jaw Canada. Please go to www.ZorShriners.com to add your name to the list or call/text me at 715.396.1395 if you are interested in more information. We will need at least 40 for the trip to be reasonably priced.

As I continue to travel this year, I look forward to meeting/seeing you and learning about what's happening in your neck of the woods. See you soon.

Faternally,

Brian Dunham, Potentate 2025

SPOTLIGHT ON RESEARCH

Shriners Children's Chicago researcher presents how weight-bearing CT scans may guide treatment options

Most children are born with flat feet and grow out of the condition by age 6. But in some cases, flatfoot persists and causes pain that requires medical treatment, especially in kids with orthopedic conditions such as cerebral palsy.

At the 2025 Shriners Children's State of Science Conference, Karen Kruger, Ph.D., from the Motion Analysis Center at Shriners Children's Chicago, presented how weight-bearing CT, a 3D imaging technique, may help guide treatment options. Her study, among the first to examine weight-bearing CT on pediatric patients, will compare the new technology with traditional 2D X-rays currently used in clinical care.

RECORDER BOB'S CORNER

- We still have 134 Nobles who have not paid their 2025 dues. If not paid, a Noble cannot participate in any Shriner event or parade until dues are current. This number of unpaid represents over 15% of our total membership, which is currently 885.
- Please plan to welcome Zor's newest employee, Anessa Keil. Anessa will be joining us on March 31 as our Marketing & Communications Director. She will be working with all clubs and units to assist in membership retention and promoting your fundraising efforts, among other responsibilities.

FUNDRAISING

As Recorder of Zor Shriners, I am required to inform all Nobles at least once a year what the fundraising requirements are per General Order No. 1, Pages 41-46. I encourage everyone to review it in its entirety but here is a summary of the critical parts of it.

It is natural to associate the Fez with Shriners Hospitals for Children (Shriners Children's). Because of this, meticulous attention must be given to all fundraising activities, including circuses, to make certain that such activities comply with the law of the land and that a contributor is not led to believe his or her money will be used for the hospitals when all or a portion thereof will be used otherwise. The integrity of our charity and of our fraternity must remain above reproach.

1. The use of the name "Shriners Hospitals for Children or Shriners Children's" or reference to such in connection with any fundraising activity by a temple or Noble without the written consent of the Imperial Potentate and the Chairman of the Board of Trustees of the Hospitals is prohibited.
2. No Noble (in his capacity as a Shriner), club, unit, organization of Nobles or affiliated or appendant corporations, shall engage in any fundraising activity without the written consent of the potentate of the Temple having jurisdiction thereof.
3. There can be no representation, express or implied, that the proceeds will be for the benefit of Shriners Hospitals or Shriners Children's.
4. Any officer, Noble, or temple which violates a provision of Fundraising Activities as outlined in General Order No. 1 is subject to discipline pursuant to the bylaws of Shriners International.

MEMBERSHIP TEAM

Greetings Nobles, the Future of Zor Shriners Starts with Us.

Membership is the lifeblood of our fraternity. It's not just a number—it's our strength, our legacy, and our future.

I recently had the honor of attending a conference on membership hosted by Shriners International. It was both eye-opening and deeply motivating. Today, our membership in Zor stands at 885 Nobles. Globally, we are now 166,000, strong, down significantly from nearly 2 million at the height of our history.

This isn't just a statistic. It's a call to action.

Every one of us is part of the membership team. And right now, we need your help—not just for growth, but for our very survival.

Each of us has a reason for joining this incredible brotherhood. Many were brought in by family, others inspired by the life-changing work of Shriners Children's healthcare system. Some joined for the camaraderie, the causes, or simply to be part of something greater than themselves.

No matter the reason, we all found a home here.

Now it's time to open that door for someone else.

Reach out. Invite. Share your story. You never know who's out there looking for a place to belong, to serve, to grow. And we have that place.

Let's reignite the pride, the purpose, and the power of Shriners. If each of us commits to bringing in just **one new Noble**, the impact would be incredible.

The future of our fraternity depends on us. Let's honor those who came before us and build something even stronger for those yet to come.

Fraternally,

Alan Brueggen PP

RECOGNIZING SHRINERS CHILDREN'S

Shriners Children's Becomes The Largest Pediatric Motion Analysis Center in the World

Nonprofit Healthcare System Revolutionizing Care with Integrated Motion Analysis Centers TAMPA, Fla., March 11, 2025 /PRNewswire/ -- For more than 40 years, Shriners Children's has been utilizing motion analysis technology, similar to what you might find in a Hollywood movie, in each of its 14 state-of-the-art Motion Analysis Centers (MACs). Motion analysis helps physicians determine the best treatment methods for children with movement differences caused by conditions such as cerebral palsy, scoliosis, brachial plexus or sports injuries. Now, the nonprofit healthcare system is making a change that it hopes will lead to even better patient outcomes and research advances.

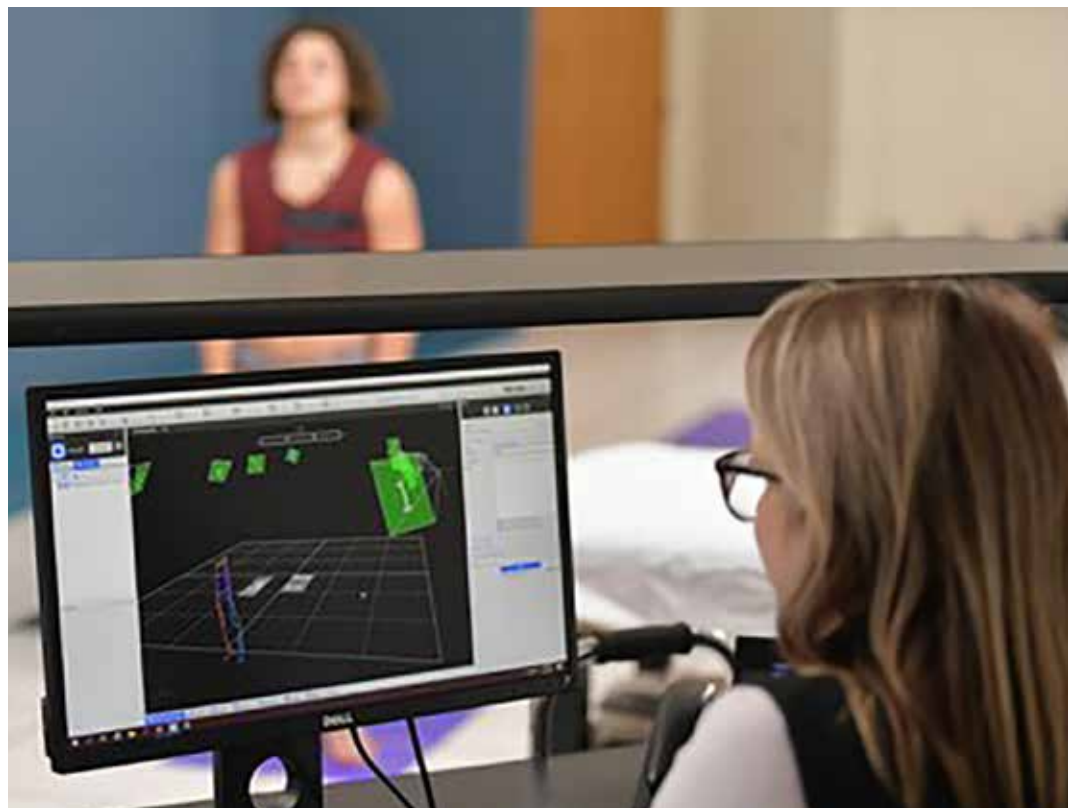

Shriners Children's System Physical Therapist Joanna Ferreri, PT, DPT., conducting gait analysis on a patient.

"This is the type of change that will eventually open the doors for more innovative research and discoveries."

Shriners Children's is digitally integrating all 14 of its motion analysis labs across the country, making it the largest unified pediatric motion analysis center in the world. To help unify this change, Shriners Children's published a paper on its new Shriners Children's Gait Model (SCGM) this year in the Journal of Gait and Posture,

which creates a standardized model to compare and interpret data across all facilities. Shriners Children's Vice President of Research Programs Dr. Marc Lalande said the revolutionary change will make it easier for doctors across their entire healthcare system to share data, learn from past patient experiences, inform future care decisions and perform cutting-edge research.

"This is truly a groundbreaking advancement for Shriners Children's because it means that patients, doctors, physical therapists, engineers and other Shriners Children's staff can now analyze thousands of new data points and previous pediatric cases to make the most informed decisions on how they treat children, regardless of which hospital they were treated at," said Dr. Lalande. "While that may have been possible before, it was a more cumbersome process, and we didn't have a unified, overarching system for how we process all of that data and qualify it. This is the type of change that will eventually open the doors for more innovative research and discoveries. It will truly improve the lives of our patients so we're very excited about what's in store."

RECOGNIZING SHRINERS CHILDREN'S

Motion analysis is a technology that uses data to help analyze how a child walks and moves. Shriners Children's uses high-speed cameras, reflective markers, force platforms and muscle sensors to record a child's movement patterns. The data is then analyzed using computer-generated imagery (CGI) similar to what you might see in a video game, to model the child's gait and allow doctors to compare it to a patient without a gait difference. Shriners Children's Corporate Director of Motion Analysis Centers Dr. Ross Chafetz said the technology allows doctors to pinpoint exactly where the problem is and more accurately determine the best course of treatment.

"With our new integrated system, when a patient comes in needing knee surgery, the doctor will be able to access data from all 14 MAC labs across our system, look at similar cases, and gain knowledge about what treatment option might be best for that child," Dr. Chafetz said. "The MACs also allow us to tell patients the surgeries we would recommend, and equally as important, when we wouldn't recommend surgery at all. Sometimes the data tells us the patient just needs time to grow, and it's not as bad as we thought. Motion labs are a service many healthcare systems aren't able to offer because it can be a timely and cost-prohibitive process, but Shriners Children's has been a leader in this area for a long time, so we felt like this was an important step forward in how we continue delivering the most innovative care."

Dr. Chafetz said, as this technology continues to improve, we envision a future where developments in its MACs can be spread to all corners of the world, helping millions of children in different countries. Using artificial intelligence, Shriners Children's is actively leading research on the use of cell phone cameras to evaluate movement in children with disabilities. This allows us to remotely evaluate children, providing them with access to a powerful tool that otherwise would not be available.

Dr. Vedant Kulkarni, Shriners Children's Northern California Orthopedic Surgeon and Assistant Chief of Orthopedics, said he considers the data provided by motion analysis to be a crucial part of his care plan for children.

"I think it's the ultimate precision medicine," Dr. Kulkarni said. "In a clinical setting, it's hard to grasp all the possibilities of the gait, and you're not able to see all the problems that are occurring with just the eyes. We're doing things at the highest level possible, and access to sources like Motion Analysis Centers is what sets Shriners Children's apart. The MACs truly fed into Shriners Children's mission."

WAUSAU POTENTATE PARTY

"Love is Alive in Wausau 2025"

Wausau Shriners held their 47th Annual Potentate Party weekend planned for the Ill. Sir Brian Dunham and his Lady Linda along with the Zor Nobles from across Wisconsin. The weekend events included a Friday night Fish Fry at Olivia's at Gulliver's Landing. We had 45 Nobles and Ladies come together for fun and fellowship. The fun and fellowship continued at the Jefferson Street Inn hospitality room sponsored by the Zor Shriners and manned by your favorite Zor Funster, Noble Randy Webb.

Saturday afternoon a luncheon was scheduled for the Nobles and Ladies at the Timekeepers Distillery in Wausau, WI. This luncheon is always a great opportunity for the Nobles and Ladies to visit, tour the distillery and possibly enjoy an adult beverage.

The Annual Meeting of the Nobles was held at the Wausau Elk's Lodge with several Nobles in attendance. The Divan had the privilege of holding Cold Sands for two new Nobles into the Wausau Shriners, Noble's Keith Matthews and Scotty Witkus. The Wausauken Indians conducted their annual roast and initiation of the most recent Past proudly given a new Indian name, Chief Carrot Stick, in recognition of his fondness to carrots.

"Hooked on Helping Kids"

The Zor Nobles gathered at the Wausau Elks Lodge for the annual Potentates Party Banquet to honor our 2025 Potentate III. Sir Brian Dunham and his Lady Linda. The banquet was attended by 65 Nobles, ladies, and friends. The banquet began with Ill. Sir Brian Dunham and Lady Linda dancing to "Love is Alive" while surrounded by their Divan and Ladies. The evening progressed with dinner with a special presentation by Past Potentate Gary Cuskey who presented the Midwest Shrine Association Presidents Award to Steve Livernash for his home-made vehicle "Imagineer Time Machine" debuted at last year's MSA in La Crosse. A very well-deserved recognition, congratulations Noble Livernash.

After dinner, the Past Potentates gathered in their annual photo while wearing their Indian headdresses. During that photo they were interrupted by the Nobles of Wausau Shriners who made their formal introduction of their new Shriners Unit branding. Their brief ceremony is as follows:

"Well, we have found the last remaining Wausauken Indians. We have been searching for all of you for quite some time. Apparently, your smoke signals have been lost to your spam files.

The Wausauken Indians have long been a valuable part of Wisconsin's Zor Shriners. Beginning in 1978, with the approval of the Wisconsin Native American Tribes, the Wausauken Indian Shrine Unit was established to provide entertainment at many Central Wisconsin communities by parading in motorized canoes, provided entertaining skits and allegories. For many years this unit has had as many as 50 members that provided these events.

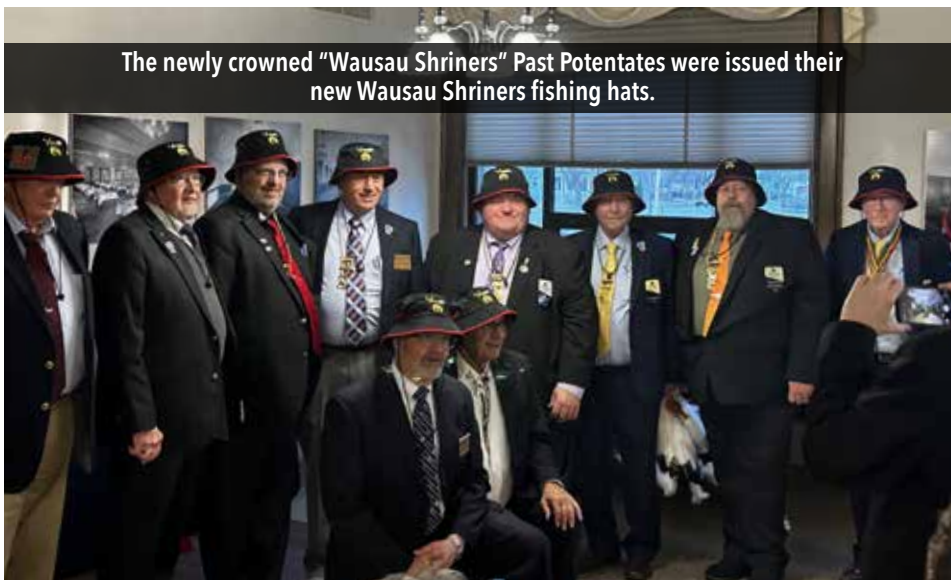

The time has come for change, Wausauken Indians will be remembered with great fondness, but will now be called "Wausau Shriners" who are "Hooked on Helping Kids" We will no longer display a headdress, but a fisherman's hat, vest and fishing pole along with operating our motorized canoes for parading. We are committed to our Shriners kids as we are "hooked on helping kids"

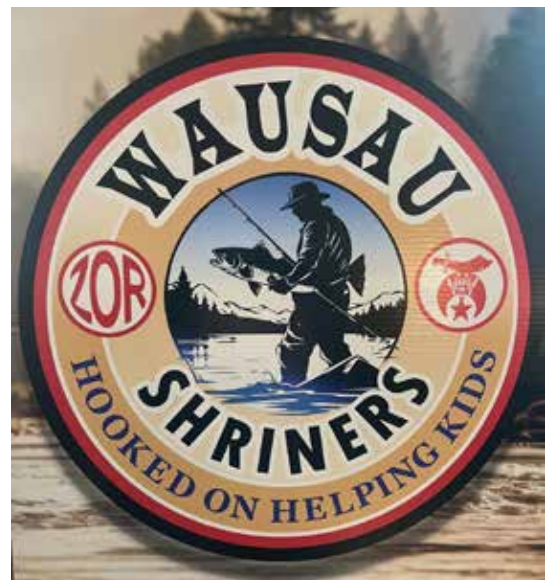

Please remove your headdresses and be prepared to receive your new symbol of Wausau Shriners. The Past Potentates each received their own Wausau Shriners fishing hat with "Past Potentate" embroidered on the back. There was a hush and an "awe!!" that filled the room as the Indian headdress tradition had come to a close. We all realize that change can be hard, but Wausau Shriners look to the future, a new day has arrived and we hope to continue bringing positive attention to Shriners Hospitals through our new brand, "Hooked on Helping Kids"."

The banquet concluded with the annual raffle drawing with door prizes and 16 petunia flowers in decorative pots. Of course, the Nobles and Ladies of Zor gathered for fun and fellowship once again at the hospitality room to close out the weekend events.

The Wausau Shriners appreciate all that attended and hope that all Nobles and Ladies had a great time visiting us in Wausau. If you have not attended in the past, we recommend coming to Wausau to enjoy this annual event, you will not be disappointed.

The newly crowned "Wausau Shriners" Past Potentates were issued their new Wausau Shriners fishing hats.

MIDWEST SHRINE ASSOCIATION

Midwest Shrine Association MSA 2025 Summer Session

**Wa Wa Shriners to host MSA 2025 Summer Session
Moose Jaw, SK, Canada August 20-23, 2025.**

Greetings Zor Noble, Ladies, and Families! Start making plans to attend this family orientated event. Illustrious Sir Brian Dunham and Lady Linda are hoping that Zor will travel to Moose Jaw and support Wa Wa like they supported us last year. Traveling to Canada will require a passport and if you or anyone traveling with has had a felony in your lifetime you must start now to get clearance to enter Canada. We know that we will not have the attendance that we had last year so we have asked that 25 rooms be set aside for Zor. We have been informed that online registration will open March 15. I would like to take a straw poll to get an idea of Zor's interest in attending this year. Please e-mail Joe Harker at jbh2010PGM@outlook.com as soon as possible if you are probable or 50/50 to attend.

More information can be found on the website: <https://msa2025.com/> or follow this link: [MSA 2025](#). On this website is a [Travel Checklist](#) that outlines key considerations for travelers from the US into Canada.

MEET ZOR'S NEW MARKETING AND COMMUNICATIONS DIRECTOR!

Hi, I'm Anessa Keil, your new Marketing and Communications Director for Zor Shriners. I am excited to start this new adventure.

I have a bachelor's degree in Graphic Design and Advertising from the University of Wisconsin-Whitewater. My career started during college with a catalog design internship at Highsmith, which led me into a long (and fun!) journey from art directing photoshoots to laying out catalog spreads. Over the years, I've designed for brands like Highsmith, Ginny's, Country Door, and Montgomery Wards—yes, they're still around!

Originally from Fort Atkinson, I now live in Janesville with my husband, Jeremy, and our two adorable pups, Kozmo and Kramer. In my free time, I enjoy traveling, cooking, quilting and bag making, and you'll often find us walking the trails at Palmer Park on the weekends.

I'm truly looking forward to being a part of the Zor Shriners family and bringing fresh ideas to our marketing and communication efforts. If you have any questions or marketing ideas feel free to contact me at: marketing@zorshriners.com.

ATTENTION!!

ALL OFFICIAL COMMUNICATIONS

via email will come from an email address ending with

**No one sending from @ZorShriners.com
will EVER ask for gift cards to be purchased and sent electronically.**

**If you receive an email and are not sure of its validity please call the sender
even if in the email asks you not to. It is far better to verify if there is ANY question.**
