Illustrious Sir
BRIAN DUNHAM

LOVE IS ALIVE

Hello ZOR Shriners!

With this being my first article as Potentate I thought you would like to know a bit about me. The legacy of Masonry runs deep in my family. On my father's side, I am a 6th generation Mason, on my mother's side I am a Legacy Shriner. Not only am I fortunate to have memories of, at a very young age, my grandfather, a member of Tangier Shrine, Omaha Nebraska, taking me to the Shrine Circus and meeting the elephants, but I am the first-line signer for both my Father Tom and Brother Eric. I have a wonderful memory of taking my nephew to the circus in Madison and Eau Claire, and yes, Declan met the elephants. I am an active member of the Mehara Shrine Club and the Imagineers. When available I drive for the Tin Lizzies. I have ridden with the Mavericks at almost every MSA and Imperial Session that I can remember and yes, I have paid Dale Olson my \$10 for Saraha Shrine Club membership.

I am proud to represent ZOR Shriners and am grateful for the faith that has been put in me. Without the help, support, and encouragement of my Lady Linda, I would be unable to have made such a commitment. Linda, thank you.

In 2024 I helped review and rewrite ZOR's Mission Statement.

"Our mission is to excel as a leading fraternal community, embracing men of integrity, and offering enriching, high-quality initiatives and amenities for our members, their loved ones, and their companions, all infused with a spirit of joyous camaraderie. We are dedicated to nurturing personal growth through leadership, education, the preservation of ethical

principles, and active community engagement. Furthermore, we are committed to uplifting humanity through our philanthropic endeavor in supporting the invaluable cause of Shriners Children's.

I look forward to meeting these standards in 2025.

2024 was an amazing year for ZOR Shrine. Illustrious Sir Roger and his leadership style were exactly what ZOR needed. He was forward and collaborative in his thinking allowing his leadership team to excel. ZOR will feel the impact of the growth we experienced as a collective Divan for many years. I truly appreciated his leadership style and the sacrifices he was willing to make as our Potentate. I have large shoes to fill and will work hard to do so.

As we are moving forward this year with a new leadership team I look forward to being the face of our fraternity. I am overwhelmed with a sense of responsibility, knowing that your trust has now been placed in me to ensure the safe keeping, growth, and development of our fraternity for the next year. I will strive to do my best by continuing to focus on membership growth, streamline and deliver effective communication, and make it a priority to add, in our office, a marketing and brand management position that will carry our fraternity's vision forward ensuring our fun, fellowship, and philanthropy for years to come.

Fraternally Yours,

Brian Dunham, Potentate 2025

'It's the little things'

Small gift makes big difference to Shriners Children's Chicago patient

Before the holidays, Aliza, who works in patient access at Shriners Children's Chicago, received a message about a distressed mother of a patient. Her daughter, Lura, had left her stuffed animal, Rubble, in the lobby the day before. Despite a thorough search, Rubble was nowhere to be found.

Aliza won an Amazon gift card during the employee holiday lunch and used it to order a replacement Rubble. She shipped it with a note "Sent with love from Shriners Children's Chicago Patient Access." The gesture brought comfort to Lura and is a reminder that Amazing Care includes the little things that make a difference in a patient's life.

PATIENT STORY COMES FULL CIRCLE

When Dan and Julie walked through the doors of Shriners Children's New England for an appointment with their son, Daniel, it was a full-circle moment 25 years in the making.

Not only did they both receive care there, but it's also where they had their first date.

Dan and Julie met as teenagers when they attended the Harvest Ball at [Shriners Children's New England](#) in the fall of 1996. At that time, regular social events were held for patients of all ages. Dan and Julie spent most of the evening together and realized they only lived a short distance from one another. The smitten teens connected via telephone over the next few days and soon began dating.

Julie became a patient at Shriners Children's New England after being diagnosed with [scoliosis](#) when she was 12 years old. Julie's younger brother had been treated there for [clubfoot](#) since infancy, and her family felt reassured knowing she would receive the same level of personalized care. She attended the scoliosis clinic and was treated with [bracing](#), significantly improving the curve in her spine over several years. Dan was a patient for a shorter time after he was diagnosed with a weak muscle condition in his shoulders. He was fitted for a brace and underwent [physical therapy](#), which successfully resolved his symptoms.

Care Is a Family
Affair at Shriners
Children's New England

The next time Dan and Julie attended the Harvest Ball, they went as a couple. By the time they married and had two sons, the story of how they met was a well-known and frequently told tale among family and friends. Dan and Julie kept ties to Shriners Children's New England, bringing their sons to a fundraising walk there. "It was great to go back and participate in the walk," said Dan. "If it wasn't for Shriners Children's, we wouldn't have our family. We were happy to give back."

When their oldest son, Daniel, began experiencing back pain at the age of 12, it was recommended that he see a provider specializing in [spine conditions](#). Luckily, Dan and Julie knew exactly where to turn. Entering Shriners Children's New England, now as parents, felt familiar and comforting. "I remembered the exam rooms and the X-ray department well," said Julie. "Since I had been treated for scoliosis, I could tell Daniel what to expect and wear to his appointment."

The ties with my work to healthcare, and our family's history with Shriners Children's, gave us a large support system. We had the utmost trust and confidence in our care team, knowing Daniel was in the best hands.

Dan, Daniel's Father and Former Shriners Children's New England Patient

Daniel was diagnosed with [kyphosis](#), a forward rounding of the back. This differs from scoliosis, which causes a sideways spinal curve. Daniel's care team, including [Adam Iwanski, PA-C](#), continued to monitor his condition as he grew. When he developed leg pain and had difficulty running, it was discovered that he had a [leg length discrepancy](#) and malrotation of the lower extremities. As Daniel's pain became worse, it prevented him from doing the things he enjoyed, especially rock climbing. A junior firefighter and scout troop member, he is an active teen who loves the outdoors.

PATIENT STORY CONTINUED

Daniel and his parents began to discuss the option of surgery with Adam and [Lael Luedtke, M.D., orthopedic surgeon](#) and medical director at Shriners Children's New England. With her child, now a patient, Julie had a new appreciation for what her parents experienced. "It was overwhelming being in the parent's shoes. I didn't know what my own parents went through until we went through it with Daniel," she said.

As Dan and Julie helped Daniel weigh the pros and cons of surgery, they were grateful for his care team's patient-centered approach. "The whole team was great at making sure he was included, and the information was directed at him," said Dan. That summer, Dr. Luedtke performed femoral and tibial de-rotation osteotomies with tibial shortening on Daniel's left leg to improve his overall alignment and function.

Dan's training as a paramedic in the local medical community helped to prepare him for what his son's surgery and recovery would be like. Julie's dad was also a source of support for them after navigating many years of care for Julie and her brother. "The ties with my work to healthcare, and our family's history with Shriners Children's, gave us a large support system," said Dan. "We had the utmost trust and confidence in our care team, knowing Daniel was in the best hands."

With his post-operative physical therapy complete, Daniel, now 15, is preparing for surgery on his right leg. The comprehensive treatment he has received is one of many reasons Dan and Julie are grateful for Shriners Children's New England. "We all have more knowledge going into this surgery, and it is comforting knowing how well he has been taken care of," said Dan. "Our experience has always given us confidence that he is in the right place."

Jenn (Schaefer) Vernig, Queen

Queen of Antioch Temple No. 113
Daughters of the Nile, Madison, WI

DAUGHTERS *of the* NILE

2025 is off and running.

While Antioch does not meet in January, some of the ladies from Southern Wisconsin went out to serve at Culver's Newville January 8th to support our hospitals.

As a lot of people do, I've reflected on 2024 and thought about what's going to come for 2025.

2024 brought so much fun with my role as Queen for Daughters of the Nile, much to do with our now Past Potentate Roger and his Lady Tammy. The work they put into their leadership of Zor was tireless and it's clear how passionate they are about our Shriners' Children's. Having Gioia on their journey this year was part of that testament.

At the 2023 fall ceremonial before Roger was installed, he went out of his way to have a chat with me about how he was excited to partner with Antioch and he made good on that. Roger and Tammy made sure I was invited to represent Daughters of the Nile to many dinners, parades, picnics, etc. and even though they had a packed schedule for the day, they stopped at my golf outing to show their support! It has been such an honor and SO MUCH FUN to be part of their 2024 journey. They made it important to have Daughters of the Nile present, knowing Zor and Antioch have the same mission, taking care of our kids. The partnership gave my passion for our mission an extra kick, as well as warmed my heart.

Representing Antioch at the 2025 Zor Annual Meeting started the year. It was busy, exciting, beautiful and emotional. Paying tribute to Past Potentate Roger, Lady Tammy and Gioia brought lots of laughs and some tears.

The installation of Illustrious Sir Brian and Lady Linda was exciting and emotional too.

The presentations during the day of installation brought reminders of what the support of Shriners Children's really means. The number of children helped, the equipment supplied to children that would not have been had these kids not been at a Shriners Hospital, the miles families drive, for care with our healthcare system, etc., again reminds us that our mission is amazing!

At First Lady Linda's luncheon, we had a paint project of a starfish. During installation, she revealed her project of "just one". That even if we throw just one starfish that washed up on the beach back into the sea, we will make a difference for that one. Even just one kid that gets the 7 back braces she needs during her 2 years of scoliosis treatment or the prosthetic limbs for even one growing child, or the wheelchairs fitted over and over for another, it matters!

Keep up all the great work!

Queen Jenn (Schaefer) Vernig

Proud to be a Daughter of the Nile, *Queen (Jenn Schaefer) Vernig*

2025 OFFICER INSTALLATION

ZOR SHRINERS

As the evening continued to the Fez Party, a few cocktails were drank, lots of pictures were taken, and good food was enjoyed by all. Ill. Sir Brian and 1st Lady Linda introduced their family and toasted the new leadership for Zor Shriners.

1st Lady Linda talked about her project for the #JUSTONE raising money for the Shriners Children's burn centers. She told us the Starfish story of how a woman walking down the beach and picking up Starfish and throwing them back in the water, when questioned that there were too many to make a difference, as she threw another one in the water, she said *it made a difference for this one.*

Love is Alive in '25!!!

I'd like to introduce myself.

I am Linda Dunham, and I am HONORED to be a part of my husband, Illustrious Sir Brian Dunham's year of Potentate for Zor Shriners!

First and foremost, I am a mother of 4 grown children: Morgan, Channing, Mason and Leighton, the true joys of my life. Brian and I took on the role of grandparents to Morgan's beautiful daughter, Edie, in December. She is just perfect.

I spend my days as a full time Realtor in Chippewa Valley. For the past 22 years, I have helped countless people buy and sell their homes.

In my free time (ha ha), I enjoy writing, running, doing yoga, baking, and traveling. I am also a huge fan of live music and ice fishing.

I look forward to all the amazing events this year has in store, along with meeting fellow Shriners and their ladies.

My role as First Lady is to create awareness as to what we do as Shriners. It truly is the greatest philanthropy! After visiting some of the hospitals, my heart prompted me to also raise awareness and educate what Shriners Children's is doing to treat burn patients.

This year, my project is #JUSTONE.

We will be selling Starfish keychains with all proceeds going to the Dayton, Ohio hospital.

The research and care that only Shriners Children's can offer is INCREDIBLE! Did you know Shriners Children's treats ALL types of Burns? Including Scalds, Electrical, Chemical and Flame! They have hospitals in Boston, Texas, Northern California and Ohio.

Burn tragedies happen every day and through more awareness and education, I BELIEVE WITH ALL MY HEART, we can help a child...even JUST ONE!

Thank you for your support! All my best,

Lady Linda
