*Do you have any songs that you wish us NOT to play? (please list Artist and Title):*

*Please keep in mind that some songs are very popular with many crowds, and although you may not normally like a given song, your guests may react very well to it and you'll find yourself dancing along with them having a great time. So we recommend using great caution here. However, we understand that there can sometimes just be no exceptions and you are the one to make that decision.*
