

MICHELLE'S LOVE

2016

501c3 Charity Annual Report

Providing for single mothers during cancer treatment.

Through volunteering and donations, **Michelle's Love's Mission** is to help relieve the stress of single parents undergoing cancer treatment in the Portland Tri-County and Columbia County areas. Our organization strives to ease daily responsibilities by offering financial relief, house cleaning, and nutritious meals, allowing parents more time to heal and spend with their children.

What another amazing year helping Single Mothers during cancer treatment. You would think that it would be getting harder because we have had such a jump in donations and services to the mothers we help, but it hasn't. Michelle's Love is running itself because people believe in us, supporters are seeing who their dollars and volunteer hours are serving. I am forever grateful to all of you for coming to our fundraisers, hosting your own fundraisers, donating your money and more importantly volunteering your time to help our ML Moms.

May we continue to grow in LOVE.
