

## **OFFICIAL CIRCULAR**

### **Athlete Registration – Hellenic Golf Federation**

Dear Athletes,

We would like to inform you that the digital creation of the official register of all golf sports clubs of the Hellenic Golf Federation has begun.

For this reason, all active athletes are required to complete the **Athlete Registration Application** (all entries must be written in **CAPITAL LETTERS**). Any missing information will be completed by our club and by the Hellenic Golf Federation.

**Required documents:**

- One Face ID photograph (identity/passport style) in electronic format
- A photocopy of your identity card (both sides)
- Renewal of the Athlete Health Card (for expired cards only), issued by a general practitioner or cardiologist. A recent photograph must be attached or pre-printed on the card and signed and stamped by the doctor.

Please also state your latest known **Handicap Index (HCP)**, taken from **AMGOLF**, in order to update the World Handicap System (WHS) platform of the Hellenic Golf Federation.

Foreign athletes who declare permanent residence in Greece for at least the last two (2) years must hold both a **VAT Number (AFM)** and an **AMKA** number. Official certificates confirming the issuance of these documents (provided by your accountant) are required. These documents will be submitted to the Hellenic Golf Federation and are mandatory for participation in all competitions organized by the Federation, except the Pan-Hellenic Championships.

Please send all required documents by email.

Thank you for your prompt cooperation.

Kind regards,

**CPT Michail Pachiadakis**
