# A MILLION ACTS OF LOVE CHANGEMAKER WORKBOOK

This workbook helps you take something you care about and turn it into action. Maybe your project is about sharing your gifts — writing a song, creating art, filming a short video, or designing something meaningful. Maybe it's about bringing people together — planning a soccer game, charity skate competition, concert, or community gathering. Or maybe it's about creating change — starting a school initiative, raising awareness for a cause, or finding a way to make life better for others. Whatever your idea looks like, this workbook will help you plan it and make it happen. By the end, you'll have the tools and confidence to make an impact for something that truly matters.
