

## **Will They Remember?**

When our time on Earth ends  
When man draws his last breath  
Will the mountains and rivers  
the lakes and the seas  
the canyons and reefs  
the inlets and quays  
our four-legged friends  
the birds and the bees  
the majestic pine  
the mighty oak tree  
the Sahara desert  
the plains in Ukraine  
the rain in Spain  
and ALL that remains  
Will they remember  
We called them by name?
