

The child in me

Unafraid
In a woodland glade
How sweetly she played

Little girl little girl
Can you see me?
I am the person
You used to be

Little girl little girl
Live for the day
Love all you do
Don't stop your play

Little girl little girl
Life isn't long
Live each hungry moment
With laughter and song

Little girl little girl
Do you know me?
I am the person
You used to be

How sweetly I played
In a woodland glade
Unafraid.
