

HYPOCHONDRIAC

I'm starting to sweat
My body's all wet
It's Covid I bet
Fever!

My head's going to break
Am starting to shake
I can't stay awake
Fever!

There's a pain in my eye
I'm starting to cry
I think I might die
Fever!

Hey there's footie tonight
Nothing wrong with my sight
I'm feeling alright
No fever!

Just a sandwich for me
And a nice cup of tea
Switch on the TV
No fever!

Inspired by the song title, "Fever".
