

## Airborne

### Dragonflies (a Haiku)

Flashes of turquoise -  
Dragonflies dance in the breeze,  
Welcoming summer.

### The Bee (a Cinquain)

A dance  
Tells the story -  
The bee finds bloom waiting,  
She sips its sweet nectar and flies  
Onwards.

### A Young Bird (a Limerick)

There was a young bird in the nest,  
Who wanted to fly like the best.  
He stood on the edge,  
But fell into a hedge,  
And sat himself down for a rest.
