About Trio Wine Café

Wanting to combine three passions; wineries, breweries, and unique foods, owner Carrie and husband Jeremy have married the three into a unique venue. Located in the beautiful, historic State and Elm Building on the corner of State Street and Elm Ave (Hwy 13 and Old Hwy 14) in the quaint town of Waseca, Minnesota, Trio offers a variety of boutique wines, craft beers, and fresh foods made from scratch...and so much more! Our ever-expanding craft cocktail menu is sure to have something for everyone. The casual atmosphere invites you to gather to relax, visit and enjoy one of our many drink options and if you'd like, pair it with one of our small plates, fusion street tacos, or a sweet treat. Waseca is a town well known for their musical talent, and we frequently feature local musicians. Enjoy the local artists' work on the walls of Trio while you enjoy your favorite beverage.

Arlington Club and how it got its name

The lower level of the State & Elm Building was once home to a young entrepreneurial group called the Arlington Club. We've aptly named our club in honor of their continued work towards the growth of the greater Waseca area. When the building was remodeled in 2018-2019, the lower level of the building was completed and is now called The Arlington Room.

*Must be 21 or over to enjoy the Arlington Club. Membership is for a minimum of one year. A \$25 early cancellation fee will be processed if the membership is discontinued before one year. Trio Wine Cafe is authorized to charge your credit card in accordance with the membership level. It is the member's responsibility to notify Trio Wine Café of any changes to your personal information and Trio will be responsible for all wines distributed. It is the members responsibility to pick up the quarterly wines from Trio Wine Café within 30 days after the pickup party. After that, wine availability may be limited and selection will be of in-house wines only.
