Dear Gary,

Thank you for another job well done this July 4<sup>th</sup> at Bayfront Park's America's Birthday Bash. The crowd arrived earlier than usual this year, and I believe the media coverage of our plans for the fireworks went a long way toward making that happen.

Each year I don't think you can top your previous year's efforts and yet you continue to amaze me and the Bayfront Park crowd with your pyrotechnics. This year's shoot was over the top in effect and response from the crowd. The finale was breathtaking and the crowd's response deafening.

Thank you, again, for all your efforts toward making our July 4<sup>th</sup> a special event for all.

Sincerely,

Timothy F. Schmand  
Executive Director
