February 18, 2012

Dear Gary

I wish to congratulate and to thank you for an outstanding job on the spectacular fireworks you performed for us in the bay of Miami on February 9, 2012.

We had over 700 high end guests attending this event at the Port of Miami, and it was an incredibly rainy evening.

Nevertheless, you and your team made it happen in the most efficient, professional and spectacular way.

Being in the event production business for 25 years, I told you before I had very high expectations for any fireworks. Let me tell you, your job, especially under these very adverse conditions, was flawless, spectacular and beautiful. The fireworks were beautiful, dense, varied and full of surprises.

I was not alone. At the end of the shooting, The 700 guests, on the dock of the Port of Miami, erupted in applause. You put a beautiful end to a great event.

I know that in the future, you are the only company I will go to for any fireworks.

All the best
