Dear Gary and Larry,

Indeed it was the “talk of the town”...well, at least the entire South Beach crowd.

After just a few conversations and the sharing of ideas it was a great thrill to see the spectacular fireworks you created for us and spectacular they were. I'm sure you heard the ooh's and ahh's, applause and sounds of sheer excitement as bursts of color and sound filled the evening sky.

The Beach party was by far an overwhelming success, and I thank you for being such an amiable and professional team to work with. Applause! Applause! Applause! for a brilliant performance. You truly did “light up our lives”. Thank you.

Sincerely,

Monroe S. Alechman
