

# The Honda Classic®

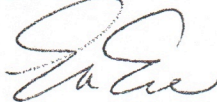

March 8, 2011

Gary,

Just like after our 2009 and 2010 shows, we've again heard nothing but fantastic things about both Friday and Saturday night's shows at this year's Honda Classic! Our goal over the years has been to continue enhancing the spectator experience for not only the golf enthusiast, but also those looking to be seen at our community's "can't miss" event. Firepower Displays has been a big part of our continued growth. Thanks for all you do to help us 'wow' the community.

Thanks and looking forward to working on an even bigger partnership for 2012!

Cheers,

Ed McEnroe
