PLOT PLAN

STREET

City Of Deming Building Checklist

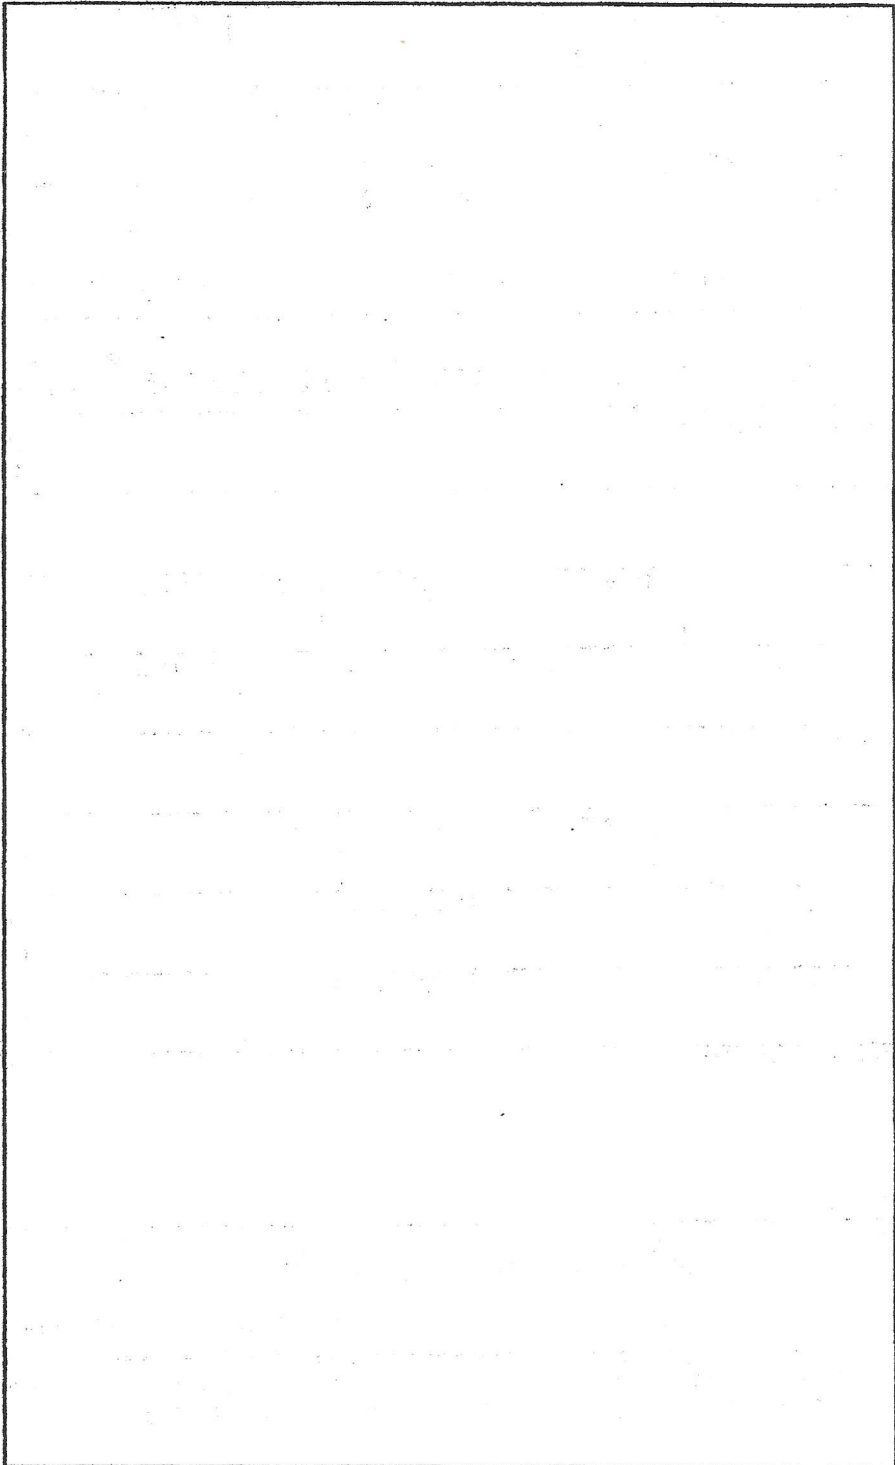

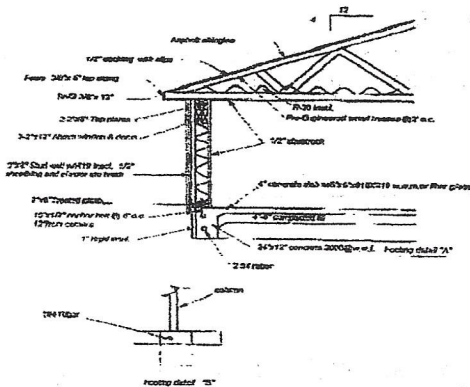

SITE PLAN

- Show North arrow
- Show width and length measurements of property lines
- Show and label all structures with setback requirements and specific measurements, including sheds, accessory buildings, porches, patios, concrete slabs, etc.

BUILDING PLANS – Two copies drawn in INK on 8 1/2" x 11" paper (or larger), shall include the following:

- Show and label all materials being used with their measurements.
- Show footing and foundation design, including interior load bearing footings, all with specific measurements.
- Show all windows and doors, including headers.
- Show electrical, plumbing, and mechanical (including furnace, water heater or boiler) that is being considered for use in the accessory building.
- Show attic access where required.
- Show stairway design with rise and run and handrails, if applicable.
- For cut roofs, show size and material for joists and rafters with on center spacing.
- Provide a typical detail wall section, including soffit vents and wall/roof insulation, where required. (See example below)
- Provide elevations for front and back of structure.

TYPICAL WALL SECTION

Finished building must correspond to this plan. Any changes in building plan must be approved and noted on the plan by the Building Inspector.
