

## Our Program

- Available to Freshman-Senior Level Luna County students (we only accept 10 students per level)
- Encompasses all elements of healthcare including: behavioral science, social science, animal science, etc.
- **Level 1:** Incoming freshman take a dual credit social work course through WNMU and Deming Public Schools. Students learn soft skills needed in the healthcare industry. Students are able to tour local medical facilities.
- **Level 2:** Incoming sophomores take Biology 101 as dual credit course. Students volunteer with local non-profits/agencies.
- **Level 3:** Incoming juniors take Chemistry for Life as dual credit course. Students job shadow with local physicians and practitioners.
- **Level 4:** Incoming seniors take Anatomy & Physiology 1 as dual credit course. Students job shadow with local physicians and practitioners.
