

Laura Marcolini & Associates, Inc.

Capability Statement

www.LMAinc.us

Laura Marcolini & Associates, Inc. (LMA) is a professional engineering firm with over 30 years of experienced and licensed environmental, civil and structural PE's. LMA is a US certified disadvantaged business entity (DBE) and a certified woman-owned business entity (WBE) in multiple states [primary RI, certification #MBCN 1747]. We are licensed to practice engineering in multiple states. We specialize in various water, wastewater and stormwater services. Our clients are in both private and public sectors. Our staff is on hand to recognize your needs and create a solution to meet permit requirements while protecting the environment, minimizing energy demand and chemical consumption.
