Becoming Firewise: Fire Resistant Landscapes and Homes

Join us for this **Free** class to learn techniques and practices for protecting your home and property from damage associated with fire outside the home, especially wildfire.

The class will cover:

- ◆ The basics of fire behavior as applied to the “Home Ignition Zone”
- ◆ Landscaping techniques
- ◆ Plant selection
- ◆ Construction choices

**Door
Prizes!**

There are steps that all home and property owners can take that can pay huge dividends. We'll break down the barriers and explore ways to reduce your risk and keep your infrastructure and community safer from fire.

Learning materials will be provided plus there will be Door Prizes!
