

4 Courses

**C for Everyone, Part 1:  
Programming Fundamentals**

**C for Everyone, Part 2:  
Structured Programming**

**C++ For C Programmers,  
Part A**

**C++ For C Programmers,  
Part B**

May 25, 2021

**SEYEDASADOLLAH TADRISI**

has successfully completed the online Specialization

# Coding for Everyone: C and C++

C and C++ are foundational programming languages used across many industries. In this Specialization, learners acquired the fundamentals of coding in C and C++ programming languages, including a deep understanding of computer programming and algorithms, conversion of C to C++, and the ability to use it to solve complex problems.

Professor Ira Pohl, PhD  
Baskin School of  
Engineering  
University of California,  
Santa Cruz

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
