# Jack Veldman

I want to Find Creative Solutions, Promote Innovation, and help as many people as you can.

## CAD/CAM Technician

Surestep  
2018-2020

In this Job I learned how to do basic organic modeling for an O&P industry specific software and manufacturing process, making molds for Vacuum forming orthotics and prosthetics

## Cimquest, HP, Netfabb Certified

2020-2023

## 3D Designer

Surestep  
2019-2020

While working part-time doing CAD Modeling, I was given the opportunity to learn new software like Fusion360, Netfabb, CUBE, and FreeCAD.

I spent this time working with the CAD team, and also designing 3 different custom 3D Printed medical devices and the process in which they are made

## Senior Designer and Operator

Surestep  
2020-Present

My responsibilities in this job are to operate and maintain the company 3D printers, custom CAD modeling and fabrication of custom 3D Printed orthotic devices, as well as R&D into new devices, software, hardware, and design processes.

Creativity 9.5/10

Leadership 9.5/10

Problem Solving 10/10
