**We have received 3 proposals. Players to vote on:**

**Do we want to change the current league format?**

**(Yes – No)**

**If yes which format do you want to use?**

**Proposal 1, 2, 3 (posted on website)**

**Here are the communications we have received via e-mail so far.**

- 1. "I like proposal 3 with 2 modifications.*
- 2. Women's best shooters payout needs to increase. I know there's fewer females, but overall it should payout more. I'm Male and love action. So you're welcome ladies.*
- 3. American and National leagues: should be top 13 teams/1 league and lower 13 teams/1 league via ranking from last season. Come playoffs, top 13 need to beat lower 13 twice when they play in semi and or finals.*
- 4. We should have at least 5 top female shooters just the man has on their top shooters on lady's the fifth place should get at least 15.00 or 20.00 then you can work it up to 1st place*

- 5. "I played on a league for years in Alaska, and was a player a captain, and the president of a league. The League was called VNEA. (Valley National Eight Ball Association). The league had a main sponsor or in that case a guy that owned and managed all the pool tables and vending machines in the area. Anyways, there was a Board of directors of five members. President, Vice president, Treasurer, Secretary and a Board member. The league would start in late August or September just after the kids went back to School. And would got through the winter, and would finish up in late April or May to take part in the Tournaments in Vegas. The would send the top three teams to Vegas to compete with all the other teams from around the world. I liked the way it was ran, the man that managed the pool tables took care of all the stats and made sure the pool tables were properly maintained. Most all the pool tables were the same size 8' x 4' something like that. Anyways I don't know how many weeks it was but we took the whole summer off, and came back to play only after the kids went back to school. Money was collected all through the season, just like this one. Only at the end of the season, they would hold a banquet with Prime rib buffet dinner or one of the bars bided to cater to it. During the banquet they would hold an awards ceremony and handed out trophy's and awards for such thing as most ERO's (Eight ball run outs). Eight on the breaks,*

*which you can't win here. But other awards such as Best player of the team little trophy's .*

*The top two teams were sent to Vegas, plane tickets, hotel room and green fee's paid for from the money collected from the weekly fees. They would have a play off for the third team to go to Vegas. So even though you finished last during the season you still got a chance to go to Vegas. If the Bar had a 1st or second or play-off team win.....the bar would pay for T-Shirts for the team or teams to play in Vegas. This season is very long and the break is short. I like playing pool too. But I think the break should be the entire summer to be with the kids. If you like this, I think it should be considered. More awards and happy players. It was also by the handicap system."*

6. *"Handicap back to 150, also No A & b side".  
Farrington's charge each team \$100 per season to play. The teams currently pay for this fee but we believe that this cost should be deducted from the top league monies rather than having the teams at Farrington's be 'penalized' for playing there. Let's put this to a vote. Two teams there paying \$200 total.*
7. *"Regarding having an a and b divisions we will need to have a and b players no a players can play in the b division etc"*
8. *Not use of cell phone video to watch bad hits."*

9. *I absolutely love proposal 3... Completely on board*

10. *“Dear Everyone,  
I’m so sorry for my loss of temper and what it put my team mates through as well. Unfortunately it was over in a flash and I didn’t think. Those that know me know I’ve had thyroid cancer and had my thyroid completely taken out. The thyroid controls your temperament. I take thyroid medicine every day to live now. I’ve had quite a hard time getting my medicine right in the last years, especially when the Doctors were over dosing me to keep me from getting cancer again. Now my dose is less and I’m doing much better.*

*I’m a 64 year old homebody. I don’t go around getting in fights and I am not a bad sportsman, I love the sport and I believe in fair play. I’m sorry if I’ve given any other impression. Being part of our pool league has been a very important part of my life. I like most all of you very much. It may not seem like it because I’m so competitive, but I would be glad to share any of my knowledge with any of you if you just ask. I could even give some lessons, put pool tips on too.*

*Since I’ve been gone Frank’s team filled up again, so I won’t be playing on it again. Shawn Modelo, Cony Mendoza, and I are wanting to start a new team. I hope you guys will forgive me and let me play.*

*Thanks for your consideration,*

*Gary Stevens”*

11. *Handicap to go to 200”*
