DIABLO VALLEY POOL LEAGUE - SCOTCH DOUBLES 8-BALL (ACS QUALIFIER)

The purpose of this league was to qualify more players to participate in the ACS National event at The Tropicana in Las Vegas.

The format for this league was one round, handicap based on games won. We raced to 5 and the most handicap a team would give was 2 games on a race to 5.

We were able to raise \$1,440 which were distributed amongst all teams. We also paid \$50 for the team that got the most break and runs. \$100 were saved towards the end of the league final tourney.

At the end of this single round our Champions from last year Shawn Modelo and Gary Stevens repeat their excellent performance and take first place.
