

## COVID-19 SAFETY PLAN

### MOUNTAIN BLUEBIRD TOURS

#### PHYSICAL DISTANCING

- All tours will be conducted outdoors, following physical distancing guidelines of a minimum of 2 meters (6 feet) between parties (households)
- All tour transportation is to be provided by the parties, one household per vehicle to reduce close contact. The tour leader will also use his own vehicle.
- Total number of tour participants will be limited by the tour leader depending on party (household) size.

#### SANITATION, HYGIENE AND FOOD

- Equipment such as binoculars, scopes, cameras or otherwise will not be shared between parties (households) in order to eliminate touching of possible contaminated surfaces. Tour guests must provide their own viewing equipment.
- Hand and surface sanitation products will be kept by the tour leader and all parties are required to use their own sanitation products should they require it.
- Payment will be made by electronic means and we will not accept cash payment. E-transfer payment can be made to [ernewton81@gmail.com](mailto:ernewton81@gmail.com)
- Snacks or meals are not provided by the tour company. Lunch is usually brought by the tour guests or the group may decide to have lunch at an establishment using appropriate safety practices.
