IN MEMORIAM

JAN GUIDOTTI

Jan began working as a Library Assistant in 1971 at the Guerneville Branch Library. The Branch was then located in the Veterans Memorial Building. The Library moved to its own building in September of 1981. Jan was instrumental in helping the Branch through major moves, floods, and reconstruction projects. Jan was an active member of her community and of the River Friends. She also created and made available to the Friends the video, Guerneville Treasures, a history of the days of the community, drawn from the Library's collection of historical material and photographs.

(Please note that the above information about Jan was taken from a memo to Library Staff by Molly McDermott dated 1-15-97. This memo announced the retirement of Jan from the Library effective 2-15-97. The photograph of Jan was taken by Nancy Fullmer at a celebration of her 90th birthday.)
