

URGENT NOTICE!

Cancellation of Sonoma County Library events, programs and meetings until the end of March 2020

I have received the following information about the Coronavirus crisis that was sent out to Library Staff by Sonoma County Library Director Ann Hammond:

“Effective tomorrow (March 13), the Sonoma County Library is cancelling all public events and programs, at all library branches, through March 31. This includes events large and small, from story times to gardening workshops, from author talks to book club meetings. This includes branch-specific activities, as well as system events and programs of all sizes, with no exceptions.”

The Library will remain open to patrons for its usual day to day business activities.

This notice includes all Friends activities, programs and events in the Forum Room at the Guerneville Regional Library such as Volunteer Work Parties and the March 2020 Readers Theater.

Please check upcoming Weekly Bulletins for further information or contact:
