## Letter from the President

There is no Letter from the President this quarter. Instead, we are remembering Eugenia Parker who passed away last November after the journal was published.

### In Memory of Eugenia Parker-

Dorothy Eugenia Walters Parker, a native and lifelong resident of Mobile, Alabama, passed away peacefully at her home surrounded by loved ones on Friday evening, November 10, 2023. She was 79 years old, born on December 23, 1943, to parents Dorothy Eloise Johnson and Samuel William Walters, Sr. She was a proud graduate of Baker High School, class of 1961, where she was chosen class beauty in her freshman, sophomore, and senior years. In 1962, she married Roy Edward Parker, marking the beginning of a lifelong partnership filled with love and shared endeavors. Early in her adult life, she made significant contributions to Providence Hospital, where she worked in various roles including secretary and staffing clerk in the

Nursing Services Department, a clerk in the Medical Records Department, and secretary to the Personnel Director. After the birth of her two daughters, she played a crucial role in her husband's business. She brought her talents as a bookkeeper, interior decorator, and landscape designer. Her natural creative talent was further expressed through her work in floral merchandising, where she worked part-time at Cleveland the Florist, and as a wedding decorator. Eugenia's artistic vision was also evident in her role as Church Decorator at First Assembly of God in Mobile from 1987 until 1990. Her passion for history and heritage led her to take courses in Family History and Genealogical Research at the University of South Alabama and Samford University. As the columnist of "Climbing the Family Tree" in the Mobile Press Register, she shared her genealogical expertise and enthusiasm for many years. Her dedication to historical preservation and research was reflected in her active involvement with several heritage organizations. She was a devoted member of the Mobile Genealogical Society, the National and Alabama Societies Daughters of the American Revolution, the United Daughters of the Confederacy, and the National Society Colonial Dames XVII Century. In her profound commitment to the preservation of history and the promotion of patriotic values, she also served for many years as a senior officer of the Mobile Bay Society Children of the American

Revolution. Through her dedication, she worked tirelessly to instill a deep appreciation for patriotism, heritage, and leadership in her children and grandchildren. Eugenia's efforts ensured that the younger generations understood the significance of their ancestors' roles in shaping the nation, encouraging them to uphold these traditions with pride and honor. Her legacy in this realm is a tapestry of living history, passed down through stories, records, and the very example she set. Eugenia believed that the future stewards of our history begin with the values taught in the present. Her unwavering dedication to this cause has left an indelible mark on her family and the community, fostering a continued passion for historical knowledge and civic responsibility.

Eugenia also proudly carried a personal rich and storied heritage, being a descendant of notable historical figures who played significant roles in the early colonization of the Gulf Coast. She was a twelfth generation great-great-great-great-granddaughter of Jean Baptiste Baudreau dit Graveline (1671-1762), a French-Canadian explorer and soldier who served under Pierre Lemoyne d'Iberville during the colonization of the Gulf Coast in 1699. Jean Baptiste Baudreau dit Graveline was also one of the original settlers of Old Mobile (Twenty-Seven Mile Bluff) in 1702. In addition to this illustrious lineage, Eugenia was also a ninth generation great-great-great-granddaughter of Joseph Bosarge (1733-1794), the founder of Bayou La Batre, AL, and a tenth generation great-great-great-granddaughter of Pierre Laurendine (1698-1768), another early inhabitant of Mobile. These ancestral ties to early American history and exploration were a source of immense pride and identity for Eugenia, connecting her to a legacy of bravery, exploration, and pioneering spirit.

Eugenia was preceded in death by a loving and devoted family. This includes her father, Samuel William Walters, Sr. (Sam), and her mother, Dorothy Eloise Johnson Walters; her nephew, Fred Flavius Pierce, Jr. (Bear); her sister, Susan Belle Walters Schottgen, her grandparents, Osie Bell Miller and Maurice Joseph Johnson, as well as Catherine Motley and Samuel Sylvester Walters.

Eugenia's legacy lives on through a cherished and loving family. She is survived by her husband of 61 years, Roy Edward Parker, her two daughters, Tracy Yvette Parker (Terry) Pitts and Christy Michelle Parker (Sean) Hennessey; three grandchildren, Haley Nicole Davidson, Taylor Victoria Pitts, and Nicholas Christopher Davidson; two great-grandchildren, Wyatt Knox Davidson and Parker Lee Gibbons; her brother, Samuel William "Billy" (Roxy) Walters; her nieces, Leslie Antoinette Walters (Lee) Wilson, Samantha Eugenia Walters (Webb) Travis, and Felicia Suzanne Pierce Derby; and her uncle, Maurice Jackson (Jack) Johnson.

# From the Editor

Welcome to 2024. This quarterly journal contains two articles featuring French Canadians who migrated to Mobile, AL. One man and his descendants were very instrumental in the colonization of Mobile by providing supplies, naval stores, and construction. The second man has a special connection to me. I hope you enjoy reading about these two families.

If you have any topics you would like to see in future journals, please send me an email at [petty\\_shack@aol.com](mailto:petty_shack@aol.com).

## Rocheron/Rochon Family from Quebec to Mobile

**Editor's Note: The information in this article was obtained from a book written by David A Sprinkle and edited with an introduction by Johnnie Andrews, Jr. It was published by the Bienville Historical Society (no longer active) in 1992. Additional information was also obtained from a paper published as part of the Dog River Plantation Project and published in 2000.**

Charles Rochon was born in Quebec, Canada on 05 Jul 1673 to Simon and Mathurine Bisson Rocheron. It is not known why the name was changed from Rocheron to Rochon but it appears to have been Charles' generation that used the spelling we are familiar with today.

Charles left home at an early age and traveled with Henri de Tonti on his exploration of the Mississippi River. Charles was a widower by 1708 and he remarried prior to 1715. His wife was Henriette Colon and they had eight children together born between 1716 and 1733. Charles, his wife Henrietta and two of his children all died within just days of each other during the smallpox outbreak in 1733.

Charles built several businesses including naval stores, shipbuilding, and construction. His oldest sons Charles and Pierre (ages 17 and 16 respectively) took over the family business after Charles dies which was a big undertaking for men so young. They were able to grow and prosper even after the British took control in 1763. The family continued to grow and prosper for many years. They were one of the most frequently found families in 18<sup>th</sup> and early 19<sup>th</sup> century Mobile.

Charles' descendants are outlined below:

# It Really Is A Small World

By: Petty Shackleford

**NOTE: This article is my adoption story and subsequent research on my DNA roots.**

I always knew I was adopted. My parents never kept it a secret and made it a very beautiful experience. I was born in Huntsville, AL and adopted through Catholic Social Services in Birmingham. I lived in Birmingham until I was seven and we moved to Mobile. As wonderful as the knowing who my adopted ancestors were, there was always a question in my mind about where I came from and who my DNA ancestors were.

Alabama opened adoption records in 2000 and I was able to get my original birth certificate. I was to find my biological mother in just a few weeks. She and my half siblings had moved to Baldwin County the year after my family moved to Mobile and remains there to this day.

When I was first bitten by the genealogy bug, I did not know that your family tree was supposed to be your DNA family. I had spent several years researching both sides of my adoptive parents' families. I do occasionally revisit this research since no one else appears to be doing any research. It was during a recent foray into my adoptive mother's Slocovich line in Mobile that I discovered a wonderful small world moment.

My biological grandmother was a Guimond from a long line back to the 1650s in Quebec, Canada. Out of curiosity, I decided to search Ancestry for the last name Guimond in Mobile, AL. To my surprise there was a man named Joseph Guimond living in Mobile in 1860. I was curious as to his connection to my Guimond line and he turned out to be the 5<sup>th</sup> great grandson of Louis Guimond. I am the 8<sup>th</sup> great granddaughter of Louis Guimond. Joseph and I are 6<sup>th</sup> cousins 3x removed.

He was a very young man (18 years old) when he moved to Mobile. He began working as a watchmaker with Andrew Simon who would become his father-in-law. He enlisted and fought in the Civil War and married his wife Mary Arabella while on medical leave from service in the Confederate Army. By 1880, they had left Mobile and settled in Texas.

Frank Slocovich was my adoptive mother's great grandfather. In 1870, he lived in Mobile in Dwelling 219 in Ward 4. He was listed as Family 255. In 1870, Joseph Guimond lived in Mobile in Dwelling 219 in Ward 4. He was listed with Family 254. My adopted mother's ancestor was living in the same dwelling as my biological cousin. I never would have imagined my adopted family and biological family would have a connection 95 years prior to my adoption.

Joseph's Guimond line from our common ancestor Louis Guimond is below:
