

Toronto Photo Booth Company's In person Photo Booth's

Create Lasting Memories

At Toronto Photo Booth Company we work with you to create a lasting photo experience for you and your guests

Captures from our in-person photo booth are printed live at your event and instantly.

We customize the prints to match your theme!

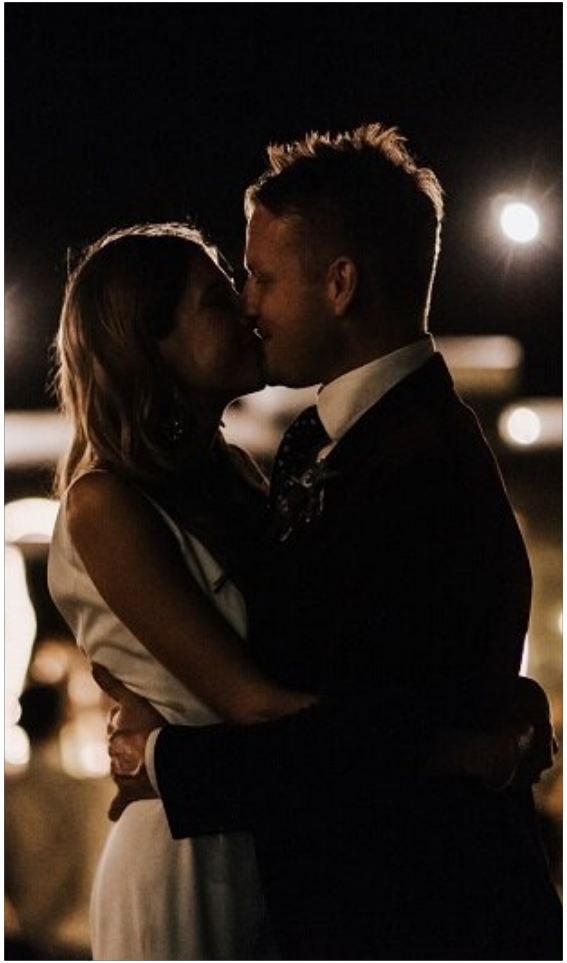

Photo Booth 101

Our Photo Booth brings all the fun of a photo booth directly to your event. We arrive roughly an hour prior for set up, open up and run for the rental period. We always have an attendant there to guide your guests. Every person in a photo leaves with a copy if they wish.

Customizations can Include:

- Custom Photo, Video, Boomerang, or GIF with your wedding graphics
- VW bus rentals can add a custom bus decal
- Online Gallery filled with memories from your guests.

Unlimited Prints

Our photo booth is always the life of every party and is regularly used non stop throughout most events. That's why we offer people unlimited trips to the photo booth.

- Add an overlay that matches your wedding to all the images to celebrate your day!
- Every person in a photo can request a copy of the photo they are in,
- Optional guest book will have a copy of each photo that you can look back at for years

How it works?

1. We send you a questionnaire to gather details.
2. Your event is built, and we will send you the proofs.
3. TPBC shows up about an hour prior to start time
4. The photo booth opens and the party begins
5. Once they have taken their capture, the photos print right away.
6. Staff will come find you close to the end of the stated time to make sure you've gotten a chance to use the booth, after we leave, we will send your photo gallery link.
