

About Us

Kreative Kids was founded with a simple goal, to create a welcoming and engaging space where children can learn, grow, and truly enjoy being kids. Built on a passion for early childhood education, our program combines play-based learning with meaningful experiences that support social, emotional, and academic development. At Kreative Kids, we focus on each child as an individual, helping them build confidence, creativity, and a love for learning. Families choose us because of our dedicated, experienced staff, engaging curriculum, and the strong sense of community that makes every child feel right at home.

Our Mission

Kreative Kids Early Childhood Program is dedicated to providing a nurturing and innovative learning environment for young minds. We believe in unlocking each child's unique potential, fostering creativity, and building a strong foundation for lifelong learning.

Where Bright futures begin, and memories are made.

Our Pre-K 4 program prepares children for a confident transition to kindergarten. Through hands-on learning, structured lessons, and playful exploration, students build strong foundations in literacy, math, and problem-solving skills.

A look into our daily routine

Kreative Kids' Pre-K 4 private program offers a wide variety of engaging, hands-on activities designed to prepare children for kindergarten and beyond. Our students explore early literacy, letter sounds, writing, math concepts, and STEM through playful, interactive learning experiences. From themed learning centers and small group instruction to creative art projects, science experiments, and dramatic play, each day is filled with opportunities to grow academically and socially. We also focus on social-emotional development, teamwork, and independence, helping every child build confidence while having fun in a nurturing, supportive environment.

Arts and Crafts

Art, music, movement, and dramatic play are woven into our daily routine. These activities allow children to explore their imagination while strengthening fine and gross motor skills.

Literacy and Writing

Children explore letter recognition, sounds, early reading skills, and writing development daily. Through engaging activities, journaling, and small-group instruction, students gain confidence in expressing their ideas.

STEM

Curious minds thrive in our classroom! Students participate in simple science experiments, building challenges, and interactive math activities that encourage critical thinking and creativity.

Nature Exploration

Kreative Kids offers a fully fenced-in outdoor play area where children can safely run, jump, and explore. Our secure space provides plenty of room for active play while encouraging socialization and friendship-building. With safety as our top priority, children can enjoy fresh air and outdoor fun in a protected environment designed just for them.

Our dedicated staff

At Kreative Kids, our highly experienced staff is dedicated to providing a safe, nurturing, and enriching environment for every child. All team members are trained in CPR and First Aid, ensuring your child's safety is always our top priority. We are also proud to be part of QUALITYstarsNY, New York State's Quality Rating & Improvement System for Early childhood programs. By partnering with QUALITYstarsNY, we are committed to continually strengthening and improving our program to provide the highest quality early learning experience for your family. Our staff have years of experience in Early Childhood Education. Our teachers work closely with families to ensure that each child's individual needs are met and that they receive the support and guidance they need to develop to their full potential.
