About STAS

At STAS GROUP we endeavor to achieve total customer satisfaction through superior products, quality services and innovation. To ensure that the trust in our quality is never betrayed, we are focusing on consistent quality products to provide top most quality product to our customer who have shown immense confidence in our range of product. We at STAS are passionate about creating that first immersion of our client that converts a walk in customer into a regular client. With insight, with understanding and with a response that is helpful and valueable, we help our client create that first impression. Our job is to create for our client the mesmerizing experience for their clients. In doing so we strictly adhere to various quality control measures to ensure that the final product is of top quality which can be used for achieving effective results. Here at STAS GROUP our vision emphasis on the feedback and knowledge of the customers and create and deliver the best using the available human resources and technology. We at STAS GROUP are engaged in manufacturing of fine quality chemicals managed by highly qualified personals with wide experience in the field of production and application. Our product range is time tested and authentic. Challenges met by our team have given STAS a brand image and a large clientele. Customer's faith up-hill growth and valuable support is the vital force in our rate. We command the trust of our customers with tailor made products to meet their specific demands of style and effects.

OUR POLICY

We commit best in class Quality and consistency support with strong R&D team and advanced equipments it is very rare that we come across a quality complaint.

We shall achieve our goal by being the preferred solution provider of our customers by practicing respectful and ethical business practices, by being the employer of choice within the chemical industry and providing superior returns to our investors and business associates.

RESPECT FOR PEOPLE EMPOWERMENT
COLLABORATION TRANSPARENCY

INNOVATION CUSTOMER CENTRICITY
EXCELLENCE AGILITY

To be integrated solution provider..... to our customer by introducing future technologies and information to add value at every stage of customer need.

To be among the top chemical manufacturing house in INDIA through the power of innovation in chemistry we deliver better solution that help our customer be more productive.

BOOST GEAR OIL 80W90

BOOST GEAR OIL 80W90 is a multipurpose, extreme pressure gear lubricant recommended for use in spiral bevel or hypoid gear axles and certain manual transmissions. This gear oil is intended for service fill, top-off and refill of hypoid and other drive axles which recommend GL-4 gear lubricants.

PERFORMANCE BENEFITS:-

- Outstanding thermal and oxidation stability for long gear life.
- Provides good foam resistance
- Protects against rust and corrosion

BOOST GEAR OIL EP-90

BOOST GEAR OIL EP-90 is a extreme pressure gear oil. This oil is blended from selected base stocks and contain specific additive package to provide extreme pressure anti wear characteristics.

PERFORMANCE BENEFITS:-

- Satisfy the lubrication requirement of a wide variety of gears.
- Provide protection against due to good LP characteristics.
- Provide good protection against corrosion.

SYNTHETIC GRADE GEAR OIL EP-90

EP-90 SYNTHETIC GRADE GEAR OIL is used whenever mineral gear oil have reached their performance limit and can no longer meet the application requirement. For example:- at very low or high temperatures. extraordinary ambient conditions.

PERFORMANCE BENEFITS:-

- Lower evaporation losses.
- Improved thermal and oxidation resistance.
- Improved low temperature properties.
- Effective rust and corrosion protection reduces wear and extends component life.

ENGINE OIL 20W40

20W40 ENGINE OIL is a good for all bikes engine components, it can operates in both colder and hotter conditions and also offers a higher amount of lubrication and wear protection for Long and Smooth Engine Life.

PERFORMANCE BENEFITS:-

- Do not fill container with fuel/solvent static, could cause fire.
- Avoid prolonged & repeated skin contact with used oil.
- Prevent the environment by disposing off used oil properly.

ENGINE OIL 10W30

10W30 ENGINE OIL is an advanced full synthetic engine oil designed to keep engines running like new by providing exceptional cleaning power, wear protection and over all performance.

PERFORMANCE BENEFITS:-

- Better sludge control.
- Protection against metal rust, soot and corrosion.
- Reduce wear and tear.

RAYKUL CONCENTRATE COOLANT

Helps to clean radiator and other parts, High Concentration, Anti Rust
Provides effective protection against overheating and corrosion

PREMIUM

Recommended to
MIX ONE PART WITH **THREE**
PARTS OF DISTILLED WATER

ULTRA

Recommended to
MIX ONE PART WITH **FIVE**
PARTS OF DISTILLED WATER

MAXXI

Recommended to
MIX ONE PART WITH **SEVEN**
PARTS OF DISTILLED WATER
