

IAC would like to thank everyone who came out in support of the organization's mission and participated in our indoor and outdoor series and tournaments.

This weekend's turnout for both the FITA Field and Target State shoots were a true testament to not only the commitment by our partners, but also the dedication of the families & friends that invest the time, effort, and resources to support all the archers. Most importantly, to all the shooters who have entrusted their time into participating in our events, we truly appreciate your involvement.

We also want to thank our many friends and archery community members in Illinois, Kentucky, Missouri, Georgia, Ohio, and beyond who made the trip(s) to participate in our tournaments. You have been an integral part of our growth, and we look forward to more meetings in the future.

We hope that as we continue to grow as an organization and strive to promote and grow archery throughout this entire state, our platform and tournaments will continue to act as an inspiration and provide a platform for anyone to compete.

As we have seen in the numerous tournaments throughout the year and especially with the Summer Olympics, Paralympics, FITA Field Championships, just to name a few, archery is a sport that transcends all styles and provides the opportunity for people of all ages, ethnicities, and abilities, to engage and participate for leisure, fitness, and competitive.

As we close off the year and anticipate this upcoming season and beyond, it is our goal to continue providing opportunities by hosting more tournaments throughout the state and collaborating with the community and other archery organizations/clubs in collectively working to help achieve this goal and the common denominator we all share of growing archery in all of Indiana. Furthermore, it is our commitment to bring different level tournaments and continue providing an environment where everyone feels welcomed to participate.

Indiana, as the "Crossroads of America," birthplace of USA Archery, home to the "Amateur Sports Capital of the World," world renowned Indy 500, NCAA headquarters, host of many high-profile sporting events, among many others, offers a great opportunity for archery to also add a small mark to that remarkable legacy.

Please stay tuned for updates on the upcoming events!
