

THE AYOOB SIGNATURE TECHNIQUES & PROTOCOLS (MASTER LIST)

(All currently associated with Injector Tanner Ayoob & The Ayoob Aesthetic Mastery Academy™)

I. NON-SURGICAL RHINOPLASTY (NSR) PROTOCOLS

1. The Ayoob Non-Surgical Rhinoplasty Technique™

For East Asian NSR, Post-Surgical Revision Cases, and Primary NSR.

- Layer-specific HA placement
- CaHA augmentation protocol
- Micro-dose nasal tox synergy

2. The Ayoob NSR Safety Matrix™

Cannula gauge rules, high-alert zones, emergency protocol hierarchy.

3. The Ayoob Dorsal Refinement Technique™

Bridge height, radix lift, tip support, columellar depressor tox.

II. FACIAL SHAPING, BALANCING & SLIMMING

4. The Ayoob Facial Slimming Technique™

For V-shaping, craniofacial narrowing, and long-lasting contour changes.

5. The Ayoob BabyFace Transformation™

Full-face youth restoration using:

- forehead, nose, under-eye, upper eyelid, lip, NLF, marionette, chin, cheek, aegyo-sal fillers
- strategic Kybella
- precision tox placement

6. The Ayoob Harmony Lift™

Balanced midface + lower face soft-lift using high G-prime fillers + CaHA blends.

7. The Ayoob Micro-Contouring Protocol™

Ultra-precise facial adjustments for on-camera enhancement.

8. The Ayoob Jawline & Submental Contouring System™

Combines Kybella, Radiesse/Sculptra, and masseter tox.

III. ADVANCED BIOSTIMULATORY PROTOCOLS

9. The Ayoob High G-Prime Hybrid Protocol™ (Restylane Lyft + Radiesse)

0.75 mL Lyft + 0.50 mL Radiesse = his signature HArmonyCA-style blend.

10. The Ayoob Collagen Remodeling Protocol™

Three-step bioinduction for long-term structural rejuvenation.

11. The Ayoob Non-Surgical Neck Lift Protocol™

Radiesse, Sculptra, tox, and band softening for a full cervical lift.

IV. PERIORBITAL & MIDFACE TECHNIQUES

12. The Ayoob Under-Eye Rejuvenation Technique™

Blend-layered placement, ligament support, lymphatic drainage optimization.

13. The Ayoob Upper Eyelid Revolumization Technique™

Precision filler for lid hollowness + brow support.

14. The Ayoob Aegyo-Sal Enhancement Protocol™

Korean-inspired micro-bolus filler placement.

V. LIP & PERIORAL TECHNIQUES

15. The Ayooob Lip Balance Technique™

Restoring lip-to-chin harmony using vertical support vectors.

16. Ayooob Oral Triangle Rejuvenation Protocol™

NLF, marionette, and chin blending for youth effect.

VI. BODY & INTIMATE AREA TECHNIQUES

17. The Ayooob Penile Augmentation Protocol™ (PLLA + HA)

Lengthening, girth enhancement, structural reinforcement.

18. Ayooob Non-Surgical BBL Protocol™ (PLLA / CaHA / Renuva)

Gluteal projection, hip smoothing, and shelf creation.

19. Ayooob Knee & Leg Rejuvenation Technique™

HA + CaHA combo for knee hollows and leg-line elongation.

VII. TOXIN-BASED TECHNIQUES

20. The Ayooob MicroTox Facial Rejuvenation™

Skin-tightening + pore minimizing tox micro-pattern.

21. Ayooob Mesotox Method™

Diluted tox for texture, sebum control, and glow.

22. The Ayooob Masseter Contouring Protocol™

Unique dosing strategy for slimming without over-flattening the face.

23. The Ayoob Trap-Tox Technique™

Aesthetic trapezius reduction for shoulder slimming.

VIII. SKIN & REGENERATIVE INJECTABLES

24. The Ayoob Polynucleotide Facial Restoration Protocol™

Customized dilution + vector mapping for skin quality overhaul.

25. The Ayoob Injectable Hydration Glow Protocol™

SKINVIVE + mesotherapy pattern improving light reflex & radiance.

IX. SCAR, TEXTURE & TISSUE REPAIR

26. The Ayoob Scar Remodeling Protocol™

Subcision, filler elevation, microtox, and collagen induction sequence.

27. The Ayoob Acne Scar Rejuvenation System™

Combination subcision + HA + tox + resurfacing.

X. EDUCATIONAL / ACADEMY-LEVEL METHODS

28. The Ayoob Anatomical Injection Philosophy™

Your high-precision, ligament-guided injection strategy.

29. The Ayoob Emergency Adverse Event Response Protocol™

Your structured VO/VC emergency management system + reversal pathways.

30. The Ayoob Multi-Layer Injection Mapping System™

Facial planes, depth strategy, and structural integration.

31. The Ayoob Consultation & Facial Analysis Framework™

Academy-level method for case planning and aesthetic prediction.
