

Master Builders Club

Developing social skills, problem solving and fine motor skills through team based play

Group Program

Who?

This group is a fun skill building group designed for primary school aged children who enjoy Lego. This group will help your child further develop their problem solving skills, logic, flexible thinking and motor skills, whilst building their social confidence and creating new friendships. Your child will have the opportunity to become a master builder and create their own unique and complex structures with their peers.

What to expect

- Collaborative team based play activities.
- Group problem solving to achieve a shared goal.
- Socialising with similar aged peers.
- Enhancing social skills via team based play.
- Enhancing flexible and creative thinking.
- Enhancing fine motor skills via building and construction.

Note: Participants new to Playology require an individual intake session to ensure the group is a good fit.

To enrol your child in this group program please click on the QR code below and complete the enrolment form
