

Mini Mad Scientists

Create, make, explore and experiment, whilst having fun and meeting new friends.

Group Program

Who?

This is a fun, hands on creative group, designed for primary school aged children to enhance their creative thinking, problem solving skills, fine motor skills and social skills via science based activities. Your budding scientist will work with similar aged peers, designing and creating a variety of exciting experiments, involving sensory materials, slime and scientific resources.

What to expect

- Enhancing problem solving, creative thinking and organisational skills.
- Building critical thinking skills and insight.
- Working collaboratively with peers on a joint activity.
- Enhancing social skills and building social confidence
- Improving fine motor skills.

Note: Participants new to Playology require an individual intake session to ensure the group is a good fit.

To enrol your child in this group program please click on the QR code below and complete the enrolment form
