

COSTCO TENTATIVE NATIONAL MASTER AGREEMENT RATIFIED!

Over the past three weeks, you and your co-workers have voted on the **Tentative Costco Teamsters National Master Agreement**. Voting has now concluded, and a **majority have ratified the contract**.

Our fight doesn't stop here. **Over the next three years, we will focus on building worker power at Costco**. The key to winning even stronger contracts in the future is organizing our nonunion brothers and sisters.

Every Teamster is an organizer, and we need you in this fight.

Growing union density at Costco is the only way to secure the leverage we need at the bargaining table. **If you're interested in becoming an organizer, reach out to your business agent today.**
