

Jessica Biren Caverly, Ph.D.
Licensed Psychologist in CT, NY and IA

PROFESSIONAL LICENSES

1/22	Iowa Licensed Psychologist
12/12	New York Licensed Psychologist
12/12	Connecticut Licensed Psychologist
5/11	Massachusetts Licensed Psychologist

EDUCATION

8/09	Ph.D. in Clinical Psychology, Nova Southeastern University, Ft. Lauderdale, FL, APA Accredited Program
10/05	M.S. in Clinical Psychology Nova Southeastern University, Ft. Lauderdale, FL
9/2014	Mediation Training, Center on Dispute Resolution, Certificate Program

PROFESSIONAL MEMBERSHIPS

American Psychological Association (APA), Division 41 Member
Association of Family and Conciliation Courts (AFCC)
Connecticut Council for Non-Adversarial Divorce (CCND)
Connecticut Psychological Association, Forensic Division Member
International Academy of Collaborative Professionals (IACP)
Professional Academy of Custody Evaluators (PACE), Nationally Certified Custody Evaluator

PROFESSIONAL EXPERIENCE

2013 – Present **Western Connecticut Behavioral Health, LLC**
Licensed Psychologist, Founder

Perform psychological assessments with children, aged preschool through high school, adults, and families. Psychological assessments are requested for a variety of questions, including diagnostic clarification and treatment recommendations. Frequently, the evaluations are forensic in nature and concern questions of child custody, parental fitness, child abuse and neglect, risk assessment, and sexual abuse or sexual violence. Typical psychological batteries can include cognitive functioning, neuropsychological functioning, social/emotional functioning, behavioral and adaptive functioning, and forensic evaluation. Recommendations are always provided in a variety of contexts, including at home, in the community, and at school/work. Referral sources include DCF, Family Court, Juvenile Court, attorneys, primary care physicians, and schools. Mediation and co-parenting services for families engaged in divorce or separation are offered. Expert testimony has been provided in both Family and Juvenile Courts in Connecticut

and in various Courts in Massachusetts. Provides supervision on diagnostic evaluations to early career psychologists, post-doctoral fellows, and practicum students.

2012- 2013 **Department of Youth Services**

Licensed Psychologist, Contractor

Perform psychological assessments and neuropsychological screening for children and adolescents involved with the Department of Youth Services (DYS). Common referral questions include requests for diagnostic clarification and treatment recommendations. Common assessment batteries include cognitive functioning, social/emotional functioning using projective measures such as the Rorschach, Thematic Apperception Test (TAT), and Kinetic Family Drawings, as well as behavioral/adaptive functioning using the Behavioral Assessment Scales for Children, Second Edition (BASC-2) and Vineland Adaptive Scales (Vineland-II). In addition, forensic assessment measures and neuropsychological assessments are employed as needed.

2009- 2013 **Y.O.U., Inc.**

Licensed Psychologist, Supervisor

Conduct psychological assessments with children, adolescents, and adults. Typical referral sources include the Department of Children and Families (DCF), the Department of Youth Services (DYS), and private insurance companies. Typical referral questions include assessing current intellectual and emotional functioning, as well as evaluating neurological functioning. Complete parental fitness evaluations to determine a parent's ability to appropriately and safely parent his or her child or children. Conduct risk management evaluations with children and adolescents to determine risk for engaging in problematic behaviors, including sexualized behaviors, fire-setting, physical violence, and substance abuse. Administer trauma evaluations to determine if a child or adolescent has experienced trauma or been the victim of sexual or physical abuse. Supervise several unlicensed therapists on psychological testing cases. Teach weekly testing seminar to interns and post-doctoral fellows.

2012 **Justice Resource Institute**

Licensed Psychologist, Supervisor

Supervise post-doctoral fellow and unlicensed clinicians at the Butler Center, a lock-down facility run by the Justice Resource Institute under a contract with the Department of Youth Services (DYS). This facility houses violent male youth offenders with significant mental health needs. The youth at this facility have committed violent offenses, that include murder, attempted murder, and sexual offenses.

2009- 2010 **McLean Hospital, Harvard University**

Post-Doctoral Fellow

Pathways Academy

Providing counseling services for students with Autism Spectrum Disorders as well as concurrent mental health concerns, including ADHD, Bipolar Disorder, Psychosis, and Learning Disorders for students attending Pathways Academy, a therapeutic day school. Conducted psychological testing as part of each student's 3 year evaluation requirement. Assisted staff members in learning better techniques for working with students on the autism spectrum, including implementing behavioral plans and coordinating with outside providers. Prepared Individualized Educational Plan (IEP) as well as coordinated with districts in providing placement at the school. Provided case management services for students, including developing transition plans for older students. Taught pragmatics classes to students to help them learn social skills needed to become an integral part of the community.

Camp Coordinator

Camp New Connections

Organized and coordinated a therapeutic day camp for children with Asperger's Disorder, High Functioning Autism, PDD-NOS, and Non-Verbal Learning Disorder diagnoses. Responsible for hiring, training, and supervising all staff. Complete all admissions decisions for campers. Complete Camp Accreditation of America re-accreditation procedures.

2008- 2009 **Riverbend Community Mental Health Center**

Primary Care – Child Track

Family Health Center at Concord Hospital

Primary rotation conducting individual, marital, and family therapy with patients of the Family Health Center. Responsible for conducting testing through referrals made by primary care providers. Referral questions include testing for ADHD in children and adults, behavioral problems in young children, as well as various other diagnostic questions. Work as a member of the behavioral pediatrics assessment team to diagnose and treat young children with behavioral concerns. Work collaboratively with the residents and faculty to treat patients both medically and psychologically. Attend morning rounds with residents to work together in treating FHC patients when they are admitted for overnight evaluation. Provide feedback to third year residents about their interactions with patients to better improve their abilities to work within a biopsychosocial framework. Attend grand rounds with the medical residents.

Franklin Counseling Center Associates

Secondary rotation as a member of the Child Team. Provide individual and family therapy to children with serious emotional disorders, aged two through 18 years. Evaluate each child's eligibility for services, including individual and home support, as well as respite care. Act as a case manager for those without additional services in the community. Conduct comprehensive assessments of children who are experiencing

psychological distress and/or are involved with DCF. Common referral questions include diagnostic clarification, as well as treatment recommendations.

2006-2008 **Summit Psychological Associates**

Psychology Assistant

Ravenna, Ohio

Conducted individual and family therapy with children, adolescents, and adults suffering from various Axis I and Axis II diagnoses. Led treatment groups for males and females who were court ordered for domestic violence treatment. Led drug and alcohol group for those involved in the legal system. Performed diagnostic assessments with adults and children to determine the most appropriate course of treatment.

Completed parental fitness evaluations to determine individual's ability to appropriately parent. Responsible for completing individual and group progress notes and remaining in contact with probation officers and DCF when necessary.

2005-2006 **Mailman Center for Childhood Development**

University of Miami, Florida

Early Steps Program Rotation

Rotation with Early Steps Program doing developmental testing with children and infants age birth to three. Developmental tests administered include Bayley Scales of Infant Development II (BSID-II), Battelle Developmental Profile, Developmental Profile of Infants and Young Children (DPIYC), and Developmental Profile II.

BEACH Clinic Rotation

Rotation with B.E.A.C.H. Clinic used motivational interviewing to set goals for weight loss for children and adolescents. Worked with entire family to construct an individualized weight loss program. Tests administered included MASC, BASC, and CDI.

Behavioral Pediatrics Clinic Rotation

Conducted therapy with children and adolescents and their family members.

2004-2005 **Bariatric Institute**

Cleveland Clinic Florida

Conducted outpatient and inpatient individual, group, and family therapy with patients before and after bariatric surgery. Consult/liaison work with patients immediately following surgery and with patients experiencing difficulty with re-hospitalization.

Assisted in crisis intervention with patients as needed. Developed a psycho-educational class for patients prior to bariatric surgery. Developed a cardiac rehabilitation class and group therapy session for cardiac patients.

ADDITIONAL CLINICAL EXPERIENCES

2004 **First Step Screening Project**

Center for Psychological Studies

Nova Southeastern University, Ft. Lauderdale, FL

Screened pre-school students at local pre-schools for developmental delays using the DIAL. Worked collaboratively with students from the Occupational and Physical therapy programs.

2004 I'm Thumbbody Instructor

Ft. Lauderdale, FL

Taught first and second graders about emotions and self-esteem. Discussed with students healthy ways in which to deal with their problems. Shared resources that the students could use to help them when they have a problem.

2002 Internship at Institute for Basic Research

Infant Development Center

Observed testing of infants and young children from birth to five-year-olds for complications stemming from low birth weight or brain injury at birth. The participants were all in the NICU at St. Vincent's Hospital, where they were initially tested. Psychological tests included Bayley Scales of Infant Development II, Griffiths, Differential Abilities Scales, Fagan, Focus, Looking, and the Gait Rite Motor Scale.

2001 Externship at the Obesity Research Program

Staten Island University Hospital

Co-led pre- and post-operative patient discussion groups. Provided individual counseling and support for patients. Spoke with various staff members and specialists about the various surgeries offered at the center, how each surgery works, and the recuperation time for each surgery to gain a better understanding of the psychological aspects of surgical procedures.

2001-2002 Residential Habilitation Counselor

On Your Mark

Worked one-on-one with students to provide additional at-home educational opportunities. Worked one-on-one with a student with cerebral palsy who is also mentally retarded, helping with his homework and with developing language skills. Practiced sentence skills using the Links to Language program and the PECS program. Also worked with students diagnosed with ADHD and autism to help foster the development of necessary social skills so that they could better interact with others.

TEACHING EXPERIENCE

2007 Teaching Assistant for Behavioral Sciences

College of Dental Medicine

Nova Southeastern University, Ft. Lauderdale, FL

Duties include working with 3rd year dental students on interviewing strategies, communication skills, and an introduction to the theories and research pertaining to anxiety with specific interventions geared toward reducing tension and fear.

2004 Teaching Assistant for Conceptual Foundations

Center for Psychological Studies

Nova Southeastern University, Ft. Lauderdale, FL

Duties included developing weekly quizzes, midterm, and final exams, holding weekly review sessions with students, and giving class presentations.

2004 Teaching Assistant for Assessment: Intelligence Testing

Center for Psychological Studies

Nova Southeastern University, Ft. Lauderdale, FL

Duties included working with students to foster understanding of psychological tests including the Wechsler Intelligence Scale for Children and the Wechsler Adult Intelligence Scale. Reviewed audiotape administrations conducted by students, checked protocol scoring sheets, and grading student essays.

RESEARCH EXPERIENCE

2004-2006 Cleveland Clinic Psychological Research Coordinator

Bariatric Institute

Cleveland Clinic Florida

Work on research studies on bariatric surgery, including performing literature searches, writing IRB applications, developing and conducting studies. Conducted research studies on psychological factors affecting weight loss following bariatric surgery. Constructed a database that incorporated responses obtained from a psychological interview for bariatric surgery.

2003-2004 Gender Studies Research Team Member

Center for Psychological Studies

Nova Southeastern University, Ft. Lauderdale, FL

Work on research studies on gender, including performing literature searches, writing IRB applications, and preparing studies.
