### **Annual Mission Report 2023**

The Jam Session Inc would like to express gratitude to all the people who supported us in our endeavors in 2022.

The wonderful support from our community enables us to produce live music in many venues with amazing artists from the US and across the world.

We rely on collaborations with other organizations to create great live music experiences.

### **History and Mission:**

The Jam Session, Inc is a not-for-profit 501(c)(3) performing arts organization producing live jazz music, including Latin and World Music, through performances, recording, broadcast, and educational opportunities for the people of the East End of Long Island, primarily Eastern Suffolk County.

Since 2009 The Jam Session has been bringing music to the community it serves in various ways, including at partnering venues that are accessible and well-served to the public. The Jam Session's ultimate purpose is to bring these diverse groups together through music and shared public experiences and thus nourish the roots of the community...its people.

### **Mission Statement:**

Our mission is to bring the diverse groups that populate the East End of Long Island together through music, particularly Jazz, Latin, and World music. And thereby facilitating experiences among musicians and audience members, enriching their lives and providing pathways for interaction with each other for the growth and benefit of the entire community.

**Jazz Night at Masonic Temple** in Sag Harbor is our home and flagship production fulfilling the need in our community to gather weekly and experience live jazz in a welcoming environment. This venue gives students of music and professionals a safe and inclusive place to create new music together before a live audience.

**Hamptons Jazz Fest** continues to be one of our best accomplishments as a non-profit organization, and it is a testament to the significance of The Jam Session fulfilling a need in our East End community for live music. Our third annual Jazz Fest will officially begin on July 1, 2023 with a world-class lineup of legends and rising stars.

**Winter Music Series** is a monthly concert series taking place at Parrish Art Museum and at Southampton Arts Center from October through April. The music calendar is curated to showcase many the colors of Jazz, World and Latin music.

**The Jam Session Radio Hour** is our weekly radio show on WLIW-FM showcasing and documenting many of our live productions year round.
