

Privacy Policy for SlabSquad (Internal Testing Version)

Effective Date: 05/27/25

SlabSquad ("we", "our", or "us") is committed to protecting the privacy of our users. This Privacy Policy explains how we collect, use, and safeguard information during the internal testing phase of the SlabSquad mobile app.

1. Information We Collect

During internal testing, we may collect the following types of information:

- **User-Provided Information:**
 - Email address (for test group access)
 - Test feedback and responses
 - Login credentials for test accounts (if applicable)
- **Automatically Collected Data:**
 - Device information (model, OS version, app version)
 - Crash logs and performance data
 - In-app usage analytics (only if enabled)
- **Photo Data (AI Grading Feature):**
 - Images of trading cards submitted for AI-based grading
 - Metadata associated with submitted images

All collected data is used strictly for testing and improving app functionality. We do not sell or share your data with third parties.

2. How We Use Your Information

We use the collected data to:

- Identify bugs and performance issues
- Improve AI grading accuracy
- Understand user interaction patterns
- Refine our features based on tester feedback

3. Data Storage and Security

- Data is stored securely using encrypted servers and standard access controls.
- Only authorized team members involved in testing and development have access.

- All test data will be deleted at the end of the internal testing period unless required for future iterations (with your consent).

4. Your Choices

As a tester, you may:

- Withdraw from the test at any time
- Request deletion of your test data by emailing us at [Insert Email]
- Opt out of analytics tracking (if enabled via app settings or consent form)

5. Third-Party Services

During testing, we may integrate with tools such as:

- Google Firebase (for crash reporting or analytics)
- OpenAI API (for AI card grading functions)

Each service provider's privacy practices will apply to their respective tools.
