Dealer :-

AN ISO 9001:2015 & ISO 14001:2015 CERTIFIED ORGANISATION

## INNOVATION IS OUR BIRTH RIGHT

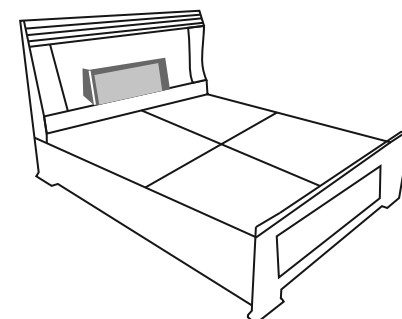

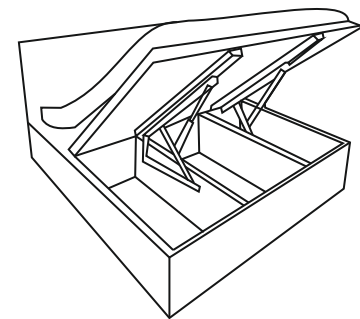

Kitchen King (Modular kitchen) was established in 2004 with the vision of providing path-breaking solutions in the furniture industry. It took us a continuous emphasis on innovations and an intense focus on product quality over the last two decades to bring that vision to life. And during that time, as the consumer needs diversified, so did our range of offerings. From just providing Modular Kitchens, we diversified to Interior Products and Modular furniture in Home, Offices, Hotels, Schools, Hospitals, Colleges, Shopping malls, Educational institutions & many more categories. Along the way, we have pioneered new technologies for the Indian market and have set the bar higher and higher in business standards. Our commitment to R&D is reflected by rising investments in this area, resulting in newer and better products.

We have launched two brands under our umbrella **KRESHIV** & **COSSMOSS**. As an organisation, we believe that flexibility is the key to enable innovations. And, that is what it takes to come up with a furniture brand like **KRESHIV** "Adding Style To Your Home."

As technology evolves rapidly, so does consumers' taste. It is our mission to ensure that we are able to express our customers' individual creativity in exactly the way that they desire.
