

The Pet Advocate, Ltd.

Client Consultation \$25

A meet & greet must be conducted prior to locking in your pet care dates. If an established client moves to a new home or gets a new pet, an additional consultation is required.

Constant Care House sitting

For a total of 17 hours in your home per every 24 hours, your trainer can leave the home up to 3 times per day. Typically, your trainer moves in the day you leave between 8 - 9 am, and checks out the next day between 8-9 am. If services are needed before/after these time frames, services will be prorated or additional visits can be scheduled.

Additional dog, add \$30. For cats/critters, add \$10.

Starts at \$175.

Drop-in Visit

This 40-minute visit can be scheduled as an enrichment walk or a care visit. I believe that cats and critters should [also] get out of their home environment to be enriched, so stroller walks are included. Also offered is feeding, water refresh, waste clean up, medication administration (for an extra fee), and a light bedding/cage cleaning. On enrichment walks (also called "training walks") your pup will work on commands while they move their body.

Additional dogs, cats, or critters, add +\$5 for each. Weekends/Holidays, + \$10.

Starts at \$45

Pet Concierge/Attendant

For your wedding or special event, we bring your pup(s) to you for big moments such as first look, portraits, or even to be a part of your ceremony. During any down time between shots or scheduled events, your pet will be entertained and loved on. Choose from 4-hour and 6-hour packages, which include the initial call, a walkthrough at your venue, a meet and greet at your home, and the event day.

Packages start at \$375

Out of Area Service

The Pet Advocate considers bookings for many parts of the state, however, fee(s) can apply to clients outside of the service area to account for drive time & mileage. Most families are not charged a mileage fee except at time of meet and greet, but please include your home address when inquiring for services.

Medication Administration

For pill or liquid administration, + **\$3/day.**

For needle administration, + **\$10/day.**

Walks & Adventures + Pricing Statement:

Your dog deserves daily walks (if medically sound) and the model I deliver is an enriching and thriving pet care experience. No pet sitter glorifies watching a dog with pent-up energy and opportunity for mischief to unfold. As a professional in the industry, I've figured out the "recipe" for success. That's why by hiring The Pet Advocate, you are signing off on daily exercise, stroller, backpack, or car ride experiences for your pets. When your pets are fulfilled and enriched, they are content and confident in your absence! **Note:** Not all dog breeds are wired the same. For certain breeds of dogs, including but not limited to hunting/sporting breeds, additional charges may be added to your bill.**

The Pet Advocate, Ltd. accepts (2) forms of payment; cash or check. In order to receive the pricing listed above, the client must pay in cash. If the client wishes to pay by check, their invoice total must exceed \$400, and is subject to a fee of 20% of the invoice total. Cash apps, credit/debit cards, or other forms of payment are not accepted. Prices subject to change.
